"The cards are dealt in a clockwise manner, one at a time, with the dealer having the choice as to number of cards each player is to receive within the limits of two to five cards apiece. When two or three players are competing, four or five cards make the best number to distribute. With four in sionally a two card deal is in to the dealer's left plays first. He has his choice of three plays. He may discard any of the same of any other suit but the same he draws a card which meets next player plays to it in the same manner. Play continues until a players has no cards left. He is the winner. Each hand is a separate game. Sounds simple, doesn't it, a cross between rummy, old maid, cribbage, casino, euchre, bezique

Apply NOW for your New Gasoline Licenses and Ration Coupon Books

On March 31, the present gasoline licenses and ration coupon books will expire. After that date no gasoline will be sold except on the presentation of a 1944-45 ration book. Applications for new gasoline licenses and ration coupon books should be made without delay.

Commencing April 1, under the 1944-45 rationing plan, the operation of which will be basically the same as that now in effect, all non-commercial vehicle owners will again be allowed a basic "AA" gasoline license and ration coupon book, containing 40 units for a passenger car, or 16 for a motorcycle.

Similarly, owners of vehicles eligible for a "Special" category, who can prove their need, will be granted an extra vocational allowance, fixed in advance for the year ending March 31, 1945. In determining the extra allowance - which will be measured to individual needs - the previous category and mileage of the car will not necessarily be an important consideration.

The extra vocational coupons will again be issued in books

labelled "Special", and each book will contain not more than 60 units. To permit constant review of the needs of each category applicant, only one "Special" book, or portion thereof, will be issued at a time. The Oil Controller also has the right to refuse any application for a "Special" category, or to suspend any ration coupon book for an infraction of the regulations. The shortage of gasoline is still acute. Do not apply for a 'Special" category unless your need is urgent.

On and after April 1, service station attendants will not accept gasoline ration coupons unless the license plate number of the motor vehicle for which they were issued is written in ink on each coupon. Every motor vehicle must also display on its windshield a 1944-45 sticker indicating the category of the coupon book submitted at the time of the purchase.

If the owner of a motor vehicle sells, transfers or disposes of it in any way, it is his obligation to see that the gasoline license and ration coupon book for that vehicle is returned immediately to the nearest Regional Oil Control Office.

PROCEDURE TO BE FOLLOWED BY APPLICANTS

For Category "AA" or "Motorcycle" Category

- 1 Secure Category "AA" application form at nearest Post Office.
- 2 Obtain 1944 motor vehicle permit and/or license plates.
- 3 Submit properly completed application form, together with motor vehicle permit and registration fee of \$1, to an issuer of motor vehicle licenses.
- 4 From the issuer you will receive your Category "AA" or "Motorcycle" ration book, and the return of your motor vehicle permit stamped to show that a ration book has been issued.
- 5 Affix "AA" sticker to car windshield.
- 6 Write in ink on each coupon the license plate number of the motor vehicle.

For "Special" Category

- 1 Secure application form for both Category "AA" and "Special" category from nearest Post Office.
- 2 Obtain Category "AA" ration book and affix "AA" sticker to windshield.
- After it is properly and accurately completed, mail special category application form to the nearest Regional Oil Control Office, along with motor vehicle permit.
- 4 If you are granted a special category, turn to the first page of "Special" ration book, where the number of units you will be allowed for the year ending March 31, 1945, will be noted. On the basis of this allowance, plan your next year's driving.
- 5 Affix "Special" category sticker to windshield.
- 6 Write in ink on each coupon the license plate number of the motor vehicle.

(Only registered owners of passenger-type motor vehicles — other than commercial motorcycles, buses, taxicabs, and drive-yourself cars — who must of necessity use their cars in essential business, are eligible to apply for a "Special" category):

GUARD YOUR RATION BOOK

When you receive your 1944-45 gasoline ration book, guard it carefully. Do not leave it in your car. If, because of your negligence, it is lost or stolen, it may not be replaced.
