Card of Thanks

The Tuberculosis Seal Sale committee of the Municipal Chapter, I.O.D.E., wish to thank the citizens of this district for the very generous contributions that were received during the 1943 Christmas campaign. The gross receipts were \$1831.10 less expenses of \$85.85, leaving a balance of \$1745.25, this amount having been forwarded to the Vancouver office of the B. C. Tuberculosis Society.

BASKETBALL-

Yanks, suffering their first defeat in local basketball, were defeated 47 to 38 by Port Edward last night at Acropolis gymnasium in the opener of a best two-out-of-three game play-off series for the Wallace Cup and senior basketball championship. The next game will be played tomorrow evening at Port Edward and the Pert Edward team should have the advantage of their own

It was a wide open game with very close checking. Port Edward outshone the Yanks in plays under the basket but was far behind in taking penalty

Moline and Henson were largely responsible for the win of their team. Ketchmark was ill and was played only in the closing part of the game.

All the Yanks played fast basketball but d'Autremont was smothered time and again under the basket.

The individual scoring was as follows:

The lumber industry, for instance, was making a notable contribution to war production and should be maintained after the war in the exand ties, forest products being in demand in Europe. A pulp and paper mill too was a logical industrial development at Prince Rupert from which further cargo for export from here would originate. Then there was frozen fish and canned calmon to be moved to the United Kingdom. The local elevator could also provide part cargoes. Reg-

porting of lumber, poles, piling ular sailings of export cargo vessels from here would also be welcomed in Alaska. There would be the warehouse facilities after the war but a lum-

provided. The committee recommended that the authorities be asked to plan for the establishment of a regular cargo vessel service from this port as soon after the war as possible, that these vessels should be of suitable type and speed, that there be adequate refrigerator space and that, if the vessels required were not already available, steps
