THE NEED IS GREATER

For total victory he fights a total war. For nothing less will he lay down his arms. For your sake he's willing to gamble on coming through alive. Whether he does or not is decidedly your affair . . .

The imminence of victory has climaxed the responsibilities of the home front. Canada's borrowing needs today are greater, not less. To see the uniformed services get all they need to win with minimum losses, is still our biggest job.

NOW is the hour to buy Victory Bondsone more than before!
