Link Between Francois Lake And Okanagan

There's a sense of comradeship in knowing that other people are interested in the same things that you are interested in. For instance, there are two women who are interested in writing, one in the Francois Lake district, the other in Penticton. In all probability they have never met each other, but because of their requests the Extension Department, University of British Columbia, in co-operation with Professors F. G. C. Wood and Hunter Lewis, has arranged an extension reading course which it is hoped will be of real assistance to them.

ARABS MERRY RIDES

LONDON, (CP) — Bandleader Harry Roy returned to London from a tour of Middle East forces with this comment on the ability of Arab drivers who transported his band to the various units: "I'd sooner be in a London air raid than be driven by an Arab."
