TODAS

WHEN YOU WENT MOTORING IN 1905, you carried a full kit of tools. You needed them. No one

Down through the years manufacturers competed with each other to give you a better car. Each strove to outdo the other to give you a smoother, more powerful engine, stronger brakes, a more luxurious body. And each year you got a better car for your money.

Under our free way of life business competes with business to give you new and better products, more efficient service. This is true of the company that builds your car, of The Royal Bank of Canada, of the little store on the corner.

What is PRIVATE ENTERPRISE?

It is the natural desire to make your own way, as far as your ability will take you; an instinct that has brought to this continent the highest standard of life enjoyed by any people on earth. It is the spirit of democracy on the march.

doesn't look right to me." Was ed.

the two applicants? Ald. Ruddernam said he had not been aware of what had been done last year. Possibly a mistake had been made in chaiging for a connection then.

Ald. Alex Sinclair said he had not been aware of the case last year. However, there might be some difference in circumstances. It would be a great convenience to fishing boats to have this water connection on the waterfront. However, he was agreeable to reconsider the whole matter.

Ald, T. H. Sorensen felt that it might well be taken into consideration that this waterfront value for boats refilling. The would have to be paid for by the co-operative according to what was used.

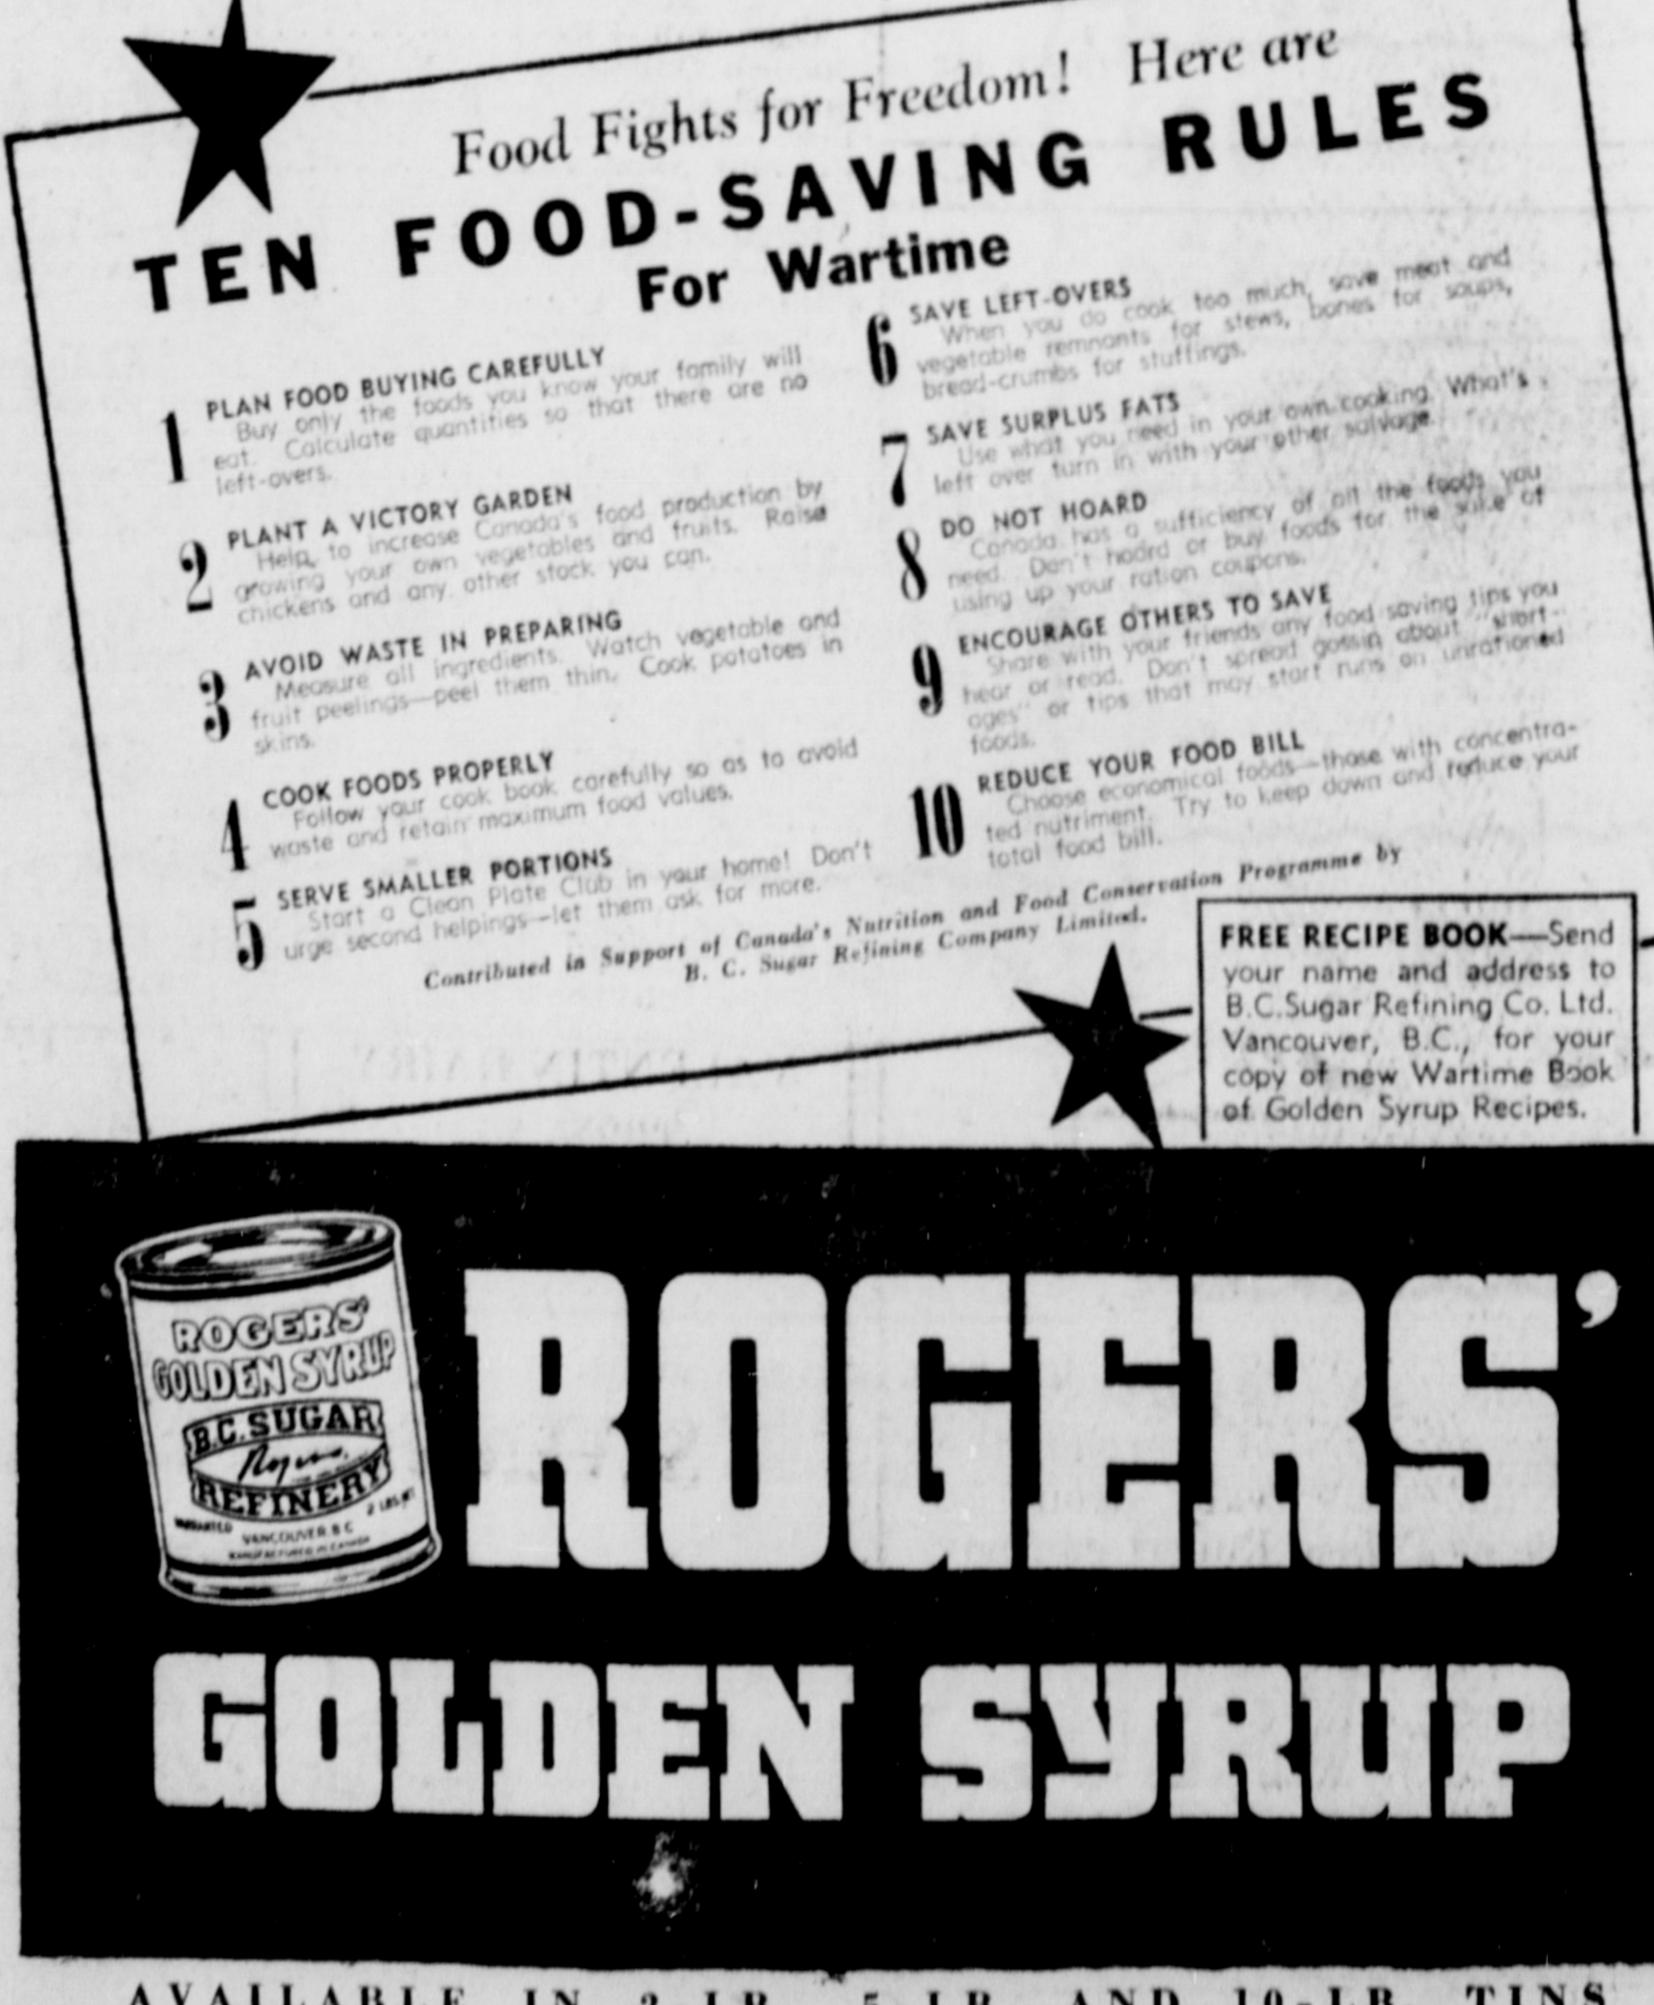

Ald. Black felt the co-opera-Valentin Dairy last year had at least a portion of the cost of been required to pay the entire the connection.

In the course of discussion. \$1300 cost of a water connection, it did not look like justice | City Engineer G. S. BLUE RIBBON

Fresh fruits are precious these days-fresh vegetables, too. There's a shortage of labor in the fields and orchards and there are transportation restrictions. Then, huge quantities of these vitamin-packed, health-promoting foods must go to the armed forces both here and overseas. What's left for civilian use must be carefully conserved. So when buying fruits don't pinch and bruise them, don't toss vegetables around. Handle with care, remembering that the ones you don't buy must be used by your neighbors.
