

BLUE prevents white clothes turning YELLOW

Bed linens, table linens, towels—all your white things—are hard to replace today. Keep them bright and snowy white—always. They'll never turn yellow if you remember to give them a final rinse in Blue on washday.

SAYS ELSIE: "KLIM Powdered Milk is pure, whole milk with nothing removed but the moisture. So all you do is take water, add KLIM, mix, and presto you have fresh creamy milk again. Easy, isn't it?"

Only KLIM has all these features:

- KLIM is pasteurized whole milk-powdered. Only the natural moisture has been removed. All the cream is left in.
- KLIM keeps fresh indefinitely in its vacuum-sealed container. Even after opening, KLIM keeps fresh and sweet for a long time. (Note: Be sure to replace lid tightly.)
- KLIM is light, easy to carry. Saves space. Ready for immediate use. Just follow the simple directions printed on the can.

KLIM is a vital product required in large quantities for our fighting forces everywhere. Naturally the amount for civilian use is restricted. However-for infant feeding-if you have difficulty in getting a sufficient supply have your dealer get in touch with us.
