For Eczema—Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well. Go to Ormes Ltd. or any good drug store and get an original bottle of Moore's Emerald Oil—it lasts many days because it is highly concentrated.

The very first application will give you relief—the itching of Eczema is quickly stopped—eruptions dry up and scale off in a very few days. The same is true of Itching Toes and Feet, Barber's Itch, Salt Rheum and other skin troubles.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue. Complete satisfaction or money back.

"QUALITY" Not Only a Word, But a Code

... Quality is no static thing; it has no unit of measure. Rather is it a decree of excellence.

... Judgment of the degree of excellence in any particular product must rest with the integrity of the judges.

... Such judgment was easier when things were made of "pure" substances—such as pure wool, pure silk, pure linen—or when an article was made from start to finish by hand.

... Proper judgment of products demands more knowledge and experience than ever before. Only a store that holds public confidence as its most precious trust can be counted upon to keep its standards of judgment unassailable.

... Quality is and will continue to be our code. We will endeavor to maintain in our goods a degree of excellence the word "Quality" connotes.
