No continent in the world is more fortunate in the tremendous improvements in everyday living which await it. That is because we are blessed with MEN WHO THINK OF TOMORROW!

· How important it is, therefore, that we make firmer our resolves and increase our daily efforts to bring that Tomorrow to pass. Remember, an enemy stands between us and Tomorrow. He is staking his all on keeping it from us. Can we do less than this to defeat his purpose?

• Let us create Victory! Let us wrest it from the very soil we till, the very tools we use in our factories, the very dollars we earn! Keep up production rates, yes, exceed them. Buy more and more Victory Bonds and War Savings Certificates. Do anything and everything to help win this war.

• Let's all be MEN WHO THINK OF TOMORROW!
