# Anyone can have milk for delicious new dishes!

SAYS ELSIE: "Don't let lack of milk keep you from enjoying new mealtime treats! Use KLIM Powdered Milk. Just mix with water to get creamy milk for making tasty biscuits, custards, soups and creamed sauces for vegetables and fish. Good for tea or coffee, too. Made, as needed, this milk is always fresh."

Good reasons why you'll like KLIM:

- KLIM is pasteurized whole milk-powdered. Only the natural moisture has been removed. All the cream is left in.
- KLIM keeps fresh indefinitely in its vacuum-sealed container. Even after opening, KLIM keeps fresh and sweet for a long time. (Note: Be sure to replace lid tightly.)
- KLIM is light, easy to carry. Saves space. Ready I for immediate use. Just follow the simple directions printed on the can.

KLIM is a vital product required in large quantities for our fighting forces everywhere. Naturally the amount for civilian use is restricted. However-for infant feeding-if you have difficulty in getting a sufficient supply have your dealer get in touch with us.
