SERVENG CANA in WAR and PEACE

The 63rd Annual Meeting of Canadian Pacific Shareholders was held in Montreal on May 3rd, 1944.

Remember how pleasant it used to be to travel on Canadian Pacific trains and ships . . . to stay at Canadian Pacific hotels and resorts?

That was before Hitler unleashed his mad ambitions. It's different now. It has to be-for the World's Greatest Travel System has a big war job to do-and is doing it with characteristic efficiency.

When that job is done-and peace returns-Canadian Pacific will be ready to serve you as before . . . and even more completely.

Already plans are being made for the construction of new, improved locomotives and coaches . . . sleeping cars . . . parlor cars . . . diners; for the improvement of road-bed and tracks; for the renovation of stations and hotels; for the building of a new fleet of ocean vessels to replace those lost in war service.

This post-war program means much more than the mere restoration of prewar travel facilities. It means the introduction of travel on a new scale of comfort, convenience and speed!

And more than that. It means a substantial amount of post-war employment and prosperity all over the Dominion, because the program itself will provide years of steady work at good wages for tens of thousands of Canadians.

This is one way in which Canadian Pacific is planning to meet the challenge of peace-while continuing to do a vital war job at home and abroad.

CANADIAN PACIFIC PRODUCT OF FREE ENTERPRISE

LOYALLY AND EFFICIENTLY serving Canada for 63 years, the Canadian Pacific exemplifies the initiative and resource of free Canadian enterprise. The Dominion's first transcontinental railway, it was pushed to completion by a group of farseeing citizens who backed their faith in Canada's future with their personal fortunes. Thus, Canadian Pacific has played a major role in the development of the Dominion.

THE WARTIME ACTIVITIES of Canadian Pacific have been indispensable to Canada's contribution to victory. Rail freight traffic has doubled and passenger traffic has increased threefold compared with peacetime.

Canadian Pacific's ocean fleets on the Atlantic and the Pacific have been at the service of the United Nations since the outbreak of war.

From Canadian Pacific shops have come tanks, guns and other munitions of war to a total value of \$125,000,000. Today approximately 18,000 Canadian Pacific employees are serving in the Armed Forces.

CANADIAN PACIFIC is rightly proud of these records, made possible by the free association of three important groups, each contributing vitally to mutual Canadian interests:

ITS PATRONS-throughout Canada and many other parts of the world.

ITS EMPLOYEES-totalling over 75,000, whose wages and working conditions set a high standard for Canadian labor.

ITS SECURITY AND STOCKHOLDERSnumbering more than 200,000, who have risked their savings as evidence of their faith in the Canadian system of free enterprise.

A copy of Canadian Pacific's Annual Report for 1943 will be mailed to you on request.
