Gifts Are Making Appearance On Shelves of Local Stores

scarce article for each day's With Christmas only 22 shopping days away, more and more articles suitable for gift purchases are beginning to appear on display shelves of local stores. Difficulty in obtaining these pieces of male raiment cause storekeepers to be careful in their distribution By restricting the quantity to each purchaser, they try to make them go as far as possible.

"Those are necessary items of apparel and we don't like to se them bought for the gift trade while there are people who FOR SALE - 303 Savage rifle. might need them for normal us and cannot get them," the pro prietor of a men's wear store said. He added that there were plenty of hats, ties, scarves, gloves, and men's toilet sets available:

In the women's line a somewhat similar situation exists. While there are eonugh women's stockings to go around by careful distribution, the quantity cannot stand the strain of Christmas rush, and the public will be diverted to equally attractive but more abundant gift articles.

In this regard there is good quality lingerie, dresses, skirts, blouses, coats, perfumes and toilet sets.

Appeals for patience on the part of the public were voiced by several merchants.
