Menace Japanese Held Sinyang While Still Holding Out in Surrounded Loyang

CHUNGKING, May 20 (1) -The Chinese have driven to within ten miles of the Japanese base of Sinyang in southern Honan Province in a surprise thrust from the south. This, together with a northern move which has brought them two miles from Sinyang, indicates a pincer thrust for the old enemy base.

The city of Loyang, although now surrounded by the Japanese, is still 80 to 90 per cent in Chinese hands.

Most of Those in Fighting From Ontario and Maritimes

NAPLES, May 20 (CP) -British and Canadian infantry and tanks engaged the Germans as they attempted today to knock out the last remnants of the shredded Adolf Hitler Line, the Tyrrhenian Sea sector of which was breached by the Fifth Army. The Americans wiped out the last vestige of the Hitler Line in the west by taking the port of Gaeta and the vital road junction of Itri on the Appian Way. The Eighth Army shook the Hitler Line by attacking the town of Aguino and the mountain stronghold of Pontecorvo which has already been outflanked by the French. The Germans reported the loss of Campodimell near the centre of the Hitler Line. An Allied officer said the Germans were badly outmanoeuvred and that in 24 hours' fighting the enemy had been bounced off the line which he had spent months in preparing.

NAPLES, May 20-Men from Ontario and the Maritime Provinces make up the bulk of the Canadians who are now in the thick of fighting in the new Allied offensive in Italy.

The Fifth and Eighth Armies first time under General Sir

CHURCH-STATE

Should be Made Closer, Naval Padre Asserts in Address Before Rotary Club

Until principles such as those propounded by the church are practically applied in a more general way to the affairs of state there can not be much hope for better government and, of Europe such as Norway may in turn, more utopian conditions nationally and internationally, Rev. George L. Douglas, naval padre at Prince Rupert, told the Prince Rupert Rotary Club on Thursday in an address on "The Relationship of Church and

As matters stood today, there was a tendency on the part of the state to compromise between good and evil, a compromise a member of the church and anity would naturally be inmanship.

Mr. Dogulas referred to the early days of history when the church and state were practistate from the church in the time of Henry VIII. In time the state had come to take over the functions which had at one time been the church's sphere such as education and charitable relief.
