Smithers Shocked to Hear Of Tragic End of Sperry Phillips Near Duncan

SMITHERS, Oct. 24 - This community was grieved and shocked on Sunday evening to hear that Sperry Phillips of the Department of Agriculture at Victoria had been killed that day when he came in contact with high tension wires blown down in the gale that hit Victoria on

Sunday. From the news report he had been driving on the highway south of Duncan when he came to a tree which had blown down across the highway and apparently while investigating the situation he received a shock of electricity which killed him instantly.

Mr. Phillips was district agriculturist at Smithers for several years and was well known and very popular throughout the Bulkley Valley.

He visited here about a month ago in the course of his duties and renewed acquaintance of many old friends.
