BROWNS WIN BALL GAME

Bill White struck out 15 batters only to see his Watts & Nickerson team-mates go down to an 11 to 2 defeat at the hands of Acropolis Browns in an exhibition baseball game yesterday on Acropolis Hill.

During the nine inning White worked the Browns collected seven hits from his offerings, including a home run by Merv. Willoughby in the fourth with one on. By the end of the fourth the Acropolis club lead by a score of 8 to 2.

Although he fanned five men fewer than White, "Gill" Gilbert, the winning hurler, limited the city athletes to three hits.

The Watts & Nickerson club used such young players as Pete Pestuk and Bill Forman, members of Bo-Me-Hi's basketball team, interspersed with a number of veterans.

The line-ups follow:

Softball Season Is Open Here

The 1945 softball season was officially inaugurated in Prince Rupert as a record crowd of 1,000 fans assembled at Gyro Park yesterday afternoon and watched Port Edward produce 12 runs in one inning to crush Fortress by a score of 17 to 5.

New bleachers helped to provide vantage points for half the crowd while the rest stood along the baselines as far as possible in front of the wall of the Masonic Temple in left field and behind the rock formations in centre and right fields.

Previous to the senior game, the H.M.C.S. Chatham band played marches on the diamond. In a preliminary tilt, the Gyro and Kinsmen's Clubs battled to a four-all tie in four innings.

For the first five frames, Port Edward was leading by only 3 to 4 but in the sixth the Eddies rapped out four doubles and four singles and took advantage of their dozen runs and chase the opposing pitcher, Urquhart, from the game.

Although he was too late, Buda came in to the mound in the sixth to throttle the Port Edward hitters for the rest of the

Sport Chat

Judging from the size of the crowd at the opening of the Area Softball League yesterday, it appears that the circuit will attract far more attention than it did last year.

In spite of threatening weather, 1,000 fans filled the bleachers and spilled out along the base-lines and into the outfield until the playing area was almost encircled by spectators.

Seating accommodation for 400 people in the bleachers will make the fans' lot a happier one, but, although the ground has been bulldozed, rock formations in the outer pasture continue to make outfielding an onerous task.

Port Edward's 17 to 5 triumph over Fortress showed that, even though they have lost a number of last year's stars, the Eddies are still powerful.

MIDDLE EAST STILL QUIET

LONDON, June 4.—The situation in Syria and Lebanon is still quiet following British intervention although General Charles DeGaulle still declines to meet the British and United States request to withdraw his troops to barracks. The general has also declined to confer with British and United States representatives.

Spruce, with 11,627,503, was still the principal variety in production. Poles and piling for the month amounted to 92,048 lineal feet compared with 24,109 lineal feet in the same month last year.

FULL EMPLOYMENT AT FAIR WAGES

is
the Foundation of all True Progress

"The people of this nation are tired of the delay in correcting the weaknesses that have developed in our system... We must correct these obvious weaknesses in the economy we have, by rationalizing it—not by wrecking it. We must maintain the system which gives full play to individual initiative, and a fair return to all legitimate enterprise which provides employment; and the State, by just laws relating to workers, must see to it that at no time shall there fail to be provided the opportunity for a fair day's pay for a fair day's work for every one of our fellow-citizens in this Dominion who is able and willing to work."

John Bracken

We mean to see that every Canadian citizen able to work has the opportunity to work at fair pay.

- RATIONAL REFORM
- MAXIMUM PRODUCTION THROUGH THE FULL DEVELOPMENT OF OUR NATURAL RESOURCES
- FULL EMPLOYMENT AT FAIR WAGES

These are the pledges of the Progressive Conservative Party.

For full employment embracing all Canadians of every Province,

WE WILL:

- Help individual and co-operative enterprise to increase employment by revising crippling tax systems, by removing controls and regulations which slow down the expansion of legitimate enterprise, and by improving relationships between the Government, Labour and Management;
- Establish a National Development Board responsible for plans for full production and employment, as well

as the preservation of our natural resources;

- Increase our trade by establishing an Export Board, by aggressive salesmanship abroad, by continuation of mutual aid until no longer necessary and by provision of trade credits to economically backward countries;
- See that the powers of the Bank of Canada are used to supply ample credit for an expanding economy;
- Undertake a carefully planned programme of socially desirable projects, such as low-cost rural and urban housing, rural electrification, conservation and reforestation, the development of natural resources—all on a national basis.

These Progressive Conservative policies are carefully and confidently pointed at a practical national objective—the realization in our time of an age of plenty.

Only the Progressive Conservative Party, with its far-sighted policies for the co-operative development of every part of Canada to new heights of prosperity—a prosperity in which ALL Canadians shall share fairly and honorably—only this Party faces the challenge of the future, with abiding confidence in the ultimate realization of the practical objectives embodied in its practical policies for full employment at fair wages.
