"Invest in the Best"

THEY slog ahead with the dirt and anguish of modern war.

They slog ahead—reduce another pillbox—capture another village.

They keep on driving the enemy back until he breaks.

And what of us at home? In comfort, safe, clean, without fear of sudden death or wounds. Sometimes happy enough, but still worried. And we want to help. We'd like to be in there with them until it's over and then come home together. Few of us can do that but surely we can help. We have helped before by buying Victory Bonds and we can do that again. We

can keep on providing the money for all their needs; to keep them equipped, to keep them strong and healthy; to care for them if they are sick or wounded and soon, we hope, to bring them safely back to us.

There is a real way to help. We can purchase generously in the 8th Victory Loan.
