

BISHOP PRESENT FOR CATHOLIC MISSION CLOSING

Taking part in the closing ceremony of the mission held in the Acropolis Hill Chapel for Catholic personnel of the Port of Embarkation, United States Army, recently were the following—(reading from left to right): S/Sgt. John J. Czerniak, acolyte, Lt. Col. Geo. C. Cash, crozier-bearer for the bishop, Maj. John J. Hagan, mitre-bearer for the bishop, Father De Keyser, Canadian Army chaplain, Father Kennedy, Canadian Army chaplain, Father Fleming, Most Rev. Emil M. Buno, Bishop of Prince Rupert, Rev. Wm. Lantagne, Pastor Annunciation Pro-Cathedral, Rev. Wm. O'Flaherty, missionary, and T/5 Edw. Kaemmerlen, censor-bearer.

WHAT IS HOME WITHOUT A GARDEN?

FOR TENDERNESS

Quick, unchecked growth is the real secret of tender vegetables. Crisp beets, carrots, beans, celery and similar things without stringiness or tough cores come from gardens where growth has been hurried along, unchecked by weeds or other neglect. Even if the weather has been none too favorable, experienced gardeners can produce this sort of quality.

First they keep the soil well cultivated, both to keep weeds eliminated and also to conserve moisture and encourage quick development in dry weather. They thin those vegetables which need spacing in order that there is proper, even and speedy development. They harvest vegetables when they are at their best, just the right size for eating and before they start to harden and mature.

But that is not all. They keep a fresh supply coming on all through the season by making plantings 10 days to two weeks apart right up to the first of July. It is the greatest mistake, old gardeners point out, to sow all seed on a single afternoon. Carrots, beans, beets and many other vegetables can be planted over a period of from three weeks to eight weeks in almost every part of Canada. If strung out in this way the harvest is extended equally at the other end. To extend the season still further one can use early, medium and late varieties. Nowadays a few days of feasting on fresh peas is not enough. One can have that sort of luxury for weeks on end.

One Good Weeding

No matter how one looks at it weeding is not a pleasant job, and in the small, crowded garden there are few short cuts. But it is really wonderful what a feeling

of satisfaction one gets from getting the garden really cleaned up once. Moreover, according to those who know something about this sort of thing, once a garden has been really weeded it is a simple thing, or comparatively so, to keep it clean. The worst weeds are those that start early and really get dug in.

Showy Flowers

An amazing showing can be made with a few annual flowers and with very little effort. Cosmos, giant marigolds, zinnias, petunias, portulaca, nicotine, alyssum, are easily grown almost anywhere in Canada. Some of the larger flowers like cosmos and marigolds and nicotine can actually be used in place of shrubs. Seeds should be started early and in finely prepared soil. Plants are transplanted to permanent quarters when they are well established with several sets of leaves. Some time can be saved by buying ready started bedding plants. For husky growth, tall cosmos, gladiolus, dahlias, giant marigolds and zinnias should have about two feet each way. Petunias, nasturtiums, medium marigolds, need about a foot apart for best results—smaller things like alyssum require six inches each way.

ARTIFICIAL SUN AT OCEAN FALLS

To supplement what natural sunlight there is available there, a sun lamp has been installed in connection with the community swimming pool at the paper town of Ocean Falls down the coast. All school children at Ocean Falls are permitted the use of the pool once a week. In addition to the pool, which has long been a boon at the community, the benefit of the sun lamp is now available.

IMPROVEMENTS FOR SCHOOLS

Were Under Consideration At Meeting of School Board Last Night

Improvement work at the various city schools was among matters which occupied the attention of the board of school trustees at its regular monthly meeting last night. Some improvements are already being carried out while other are being deferred until it is ascertained how the year's financial budget is lasting out.

Work on the roof of Booth Memorial School has commenced, being carried out by the Prince Rupert Roofing Co. for the Johns-Manville Co. W. H. Shortridge is inspecting the work on behalf of the board.

A suggestion was considered that a bicycle storeroom for Booth Memorial School might be installed in an excavation in the basements originally designed for a swimming pool. This might also be used for a

Overcrowding At High Schools Is Major Problem

There was agreement at last night's meeting of the board of school trustees that overcrowding is one of the principal difficulties mitigating against the best of results being obtained at Booth Memorial High School. In view of this, proper segregation and grading of pupils is greatly hampered. The board is considering measures that may be taken to rectify the situation in a measure at least and this among other things will be discussed at an early conference to be held with Principal W. W. C. O'Neill.

general storeroom.

Conversion work of a hall at King Edward School into a library was estimated to cost \$360, the work involving, among other things, considerable shelving. It was decided to defer action in this connection for another month.

Blinds are to be provided for Conrad Street Schools where a flagpole is also requested.

School Enrolment Here Totals 1210

Reports of principals presented at the monthly meeting of the board of school trustees last night showed a total enrolment of 1210. Per schools the enrolments were given as follows:

Booth Memorial	494
King Edward	305
Borden Street	220
Conrad Street	191

BY MARGARET WOODWARD

Bingo was played last night in the upstairs writing room with Alf Wingrove calling off. A good crowd was on hand and the winners of the special prizes were E. D. Ford of Water Transport who won a scarf and Lance Corporal M. G. Zadorozny of C.D.C. who won the cushion cover.

Tonight on the program is a cribbage party. Johnnie Tarbet will direct the play in the writing room.

Due to delay in transportation the Bond Diggers Victory Loan Show which was to have been presented tonight has had to be postponed. Announcement of the show will be made as soon as definite information is received.

In the U.S.A. next week Music Week will be observed. The local U.S.O. have planned a special series of musical programs to mark this week. On Sunday evening a concert will be presented. During the week musical recorded programs will be held each evening. Wednesday we have been pleased to accept their invitation to take charge of the program. For real musical enjoyment drop in at the U.S.O. next week.

Corporal Frank Arnold, Royal Canadian Artillery, who has been home on furlough at the home of his parents, Mr. and Mrs. J. A. Arnold, 905 Tenth Ave. East, is returning tonight to resume his duties at Defense Headquarters in Ottawa.

... he is not alone

SO FAR above the earth only a twisting, twining, vapor trail marks his furious pathway through the skies, many a Canadian fighter pilot whirls his Spitfire in combat, high above the droning bombers.

In combat he is alone. But our hearts are with him as they are with every fighting son of Canada—slogging infantryman, sweating artilleryman and every sailor on every fighting ship.

Our hearts are with them. But that is not enough. Our money must be there, too, equipping them, caring for them in sickness and in health—the tangible token that, in more than spirit, they do not fight alone.

In every Victory Loan Canadians have shown that their hearts are in the right place. There were more than three million buyers of the 7th Victory Loan. In asking you to purchase the 8th Victory Loan Canada gives you another opportunity for your unstinted help and offers you a sound financial investment as well. You loan your money at 3% interest, paid half-yearly, until the due date. Victory Bonds are backed by all the wealth and natural resources of the Dominion. They can be readily converted back into dollars in an emergency. And they may well be the mainstay of your post-war planning.
