Foote guarding, told of seeing Ross fall and was accompanied by the to the street and a vehicle speedgood wishes of the City Hall ing east on Second Ave. The truck, Elgner said, passed him a few seconds before, missing him by inches.

This morning's session, which convened at 11:30 for an hour, motor pool watchman, who heard a crash about 30 yards from him. A truck passed him almost immediately, driving in the middle of the street, he

Leonard Hahn, manager of the Beach Place civilian barracks, told of seeing a khakicolored pick-up truck parked in front of hut T-40 at 11 o'clock with someone sitting in the right-hand seat.

"I thought it was a woman by the long hair," he said.

The truck drove away about five minutes later in a normal manner, he stated.

Pearl Sherman, clerk, said she was standing in front of the women's barracks on Sixth Street when Ruth Matzik drove up in a light truck.

"She said something about hitting someone. I thought she said a man, but I didn't pay much attention to it," Miss Sherman said.

She stated that Ruth Matzik had driven up alone, and appeared "excited."

George Nault, guard at the women's barracks, said he saw Ruth drive up between 11:20 and 11:25 in an Alaska department truck alone. She spoke to two men and a girl in front of the barracks, then went down a path toward the C.N.R. station. One the men gave him a handbag and kerchief to keep, Nault said.

Thomas Nusko, U.S. coastguardsman, who was with Miss Sherman when Ruth Matzik drove up to the women's barracks, said that he believed both lights of the truck were burning when it drove up.

"I would say that both lights of the truck were on when it drove up," he said.

PAGE THREE

Remember Those Canadians who are considering voting for a C.C.F. Socialist candidate in the coming election, either as a "protest" or because they are attracted by the pleas ing promises presented by the State Socialists, should pause and ponder carefully the consequences of such a vote.

Here are three points to bear in mind

If You Vote C.C.F.

You are voting not merely to change the Government but to change our entire system of Government - substituting a foreign-born scheme of "State Socialism" for our democratic way of life.

> You are voting to turn over to the C.C.F. politicians complete control of our lives.

> > The C.C.F. program of "State Socialism" can only be carried out under an absolute dictator-

If that is what you want then vote for C.C.F. But-if you want to retain your individual freedom and right to live your life as you choose, then you simply cannot vote for any C.C.F. candidate, because every such candidate is positively committed to Complete State Socialism, under which the politicians would take over control of the country, -lock, stock and barrel!

The C.C.F. promises of "full employment", "re-distribution of wealth", and a "minimum standard of living for all" are on condition that we let them tell us what we can or cannot do, make, grow or buy. Under their "National Plan" everyone—the butcher, the farmer, the manufacturer, or housewife—would be compelled to abide by all the regulations and controls they set up.

History proves that any such program of State Socialism inevitably leads to an absolute dictatorship.

The C.C.F. appeal is designed primarily to create dissension and to arouse suspicion, jealousy and even hate between one class of Canadian and another. For example, the Socialists would have you believe that the average Canadian standard of living is terrible—due to the "cruel tyranny of the rich." But what are the facts? What countries have the radios? The motor cars? The telephones? The bathtubs? The electrical appliances? WE HAVE! The people of Canada and the United States have more of the good things of life than the people of Europe ever dreamed of. And how did we get all this? Did the Government give it to us? NO! We got it through HARD WORK.

Under our system of Free Enterprise we have developed a standard of living that is the envy of the entire world. So, while we have had some setbacks and have developed some faults and a few vices that need correcting, anyone who suggests that, to do this, we should scrap our way of life and substitute the foreign-born program of "State Socialism" is trying to sell Canada down the river.

Not one Canadian in a hundred would tolerate any such program as State Socialism once they lived under it. But if we let the C.C.F. Socialists experiment with their "National Plan' we may never be able to get rid of it. So don't risk your individual freedom. Vote against the C.C.F. candidate in your riding. BUT BE SURE TO VOTE.

Some restrictions have been lifted, but war demands are still great. We must help our Allies and the liberated countries. We can't neglect them.

(This is the YELLOW LIGHT ONLY).

It does not mean the end of shortages. Getting back to peacetime production will be piecemeal and gradual.

Goodwill, patience and energy now will assure a prosperous Canada tomorrow. '

it's NOT the green light

Only after Victory over Japan can the Green Light be switched on, and the road cleared for enough production to meet all our civilian needs.
