# HOW TO BUY a WATCH

AMERICAN WATCHES ARE STILL SCARCE BUT OUR STOCK IS GRADUALLY BUILDING UP TO FORMER SHAPE

There are over eleven hundred Swiss watch factories and owing to war prosperity the country has been flooded with many brands which could not formally get established in Canada.

The jeweller must use his best experience and judgement to choose makes which will not cause trouble and expense later by going out of order.

Most people buy watches in the jewellery store for that reason and because the jeweller is able to make adjustments and feels responsible for the satisfaction the watches

Another advantage of our watches is that the prices have not advanced since 1941 when the price ceiling was established.

We handle practically all the well advertised and reliable makes, such as Elgin, Waltham, Hamilton, Bulova, Gruen, Longines, Omega, Tissot, Mercury, Seeland, and several other lowerpriced makes which we have tried out and found good.
