#### Turkey and Japan

The breaking off of economic and diplomatic relations by Turkey with Japan implies no state of hostilities between the two countries but it should serve to facilitate indirect co-operation by Turkey with the Allies in prosecuting the war against Adolf Hitlens chief Axis partner. Turkey occupies a key position in war both in Europe and Asia. Meanwhile, the torious outcome of the war for the Allied side.

While the menace of von Runsdedt's headed off, the Nazis seem to be against the Third Army in the Saar area. All of which is keeping the continuing for the time-being at least in the hands of the enemy. There is but we would do well to accept the fact that there is plenty of strength and and that it must be dealt with in a manner that will involve heavy expenditure of fighting equipment and, what is immeasurably more serious, in men.

· If you've been waking tired and listless, why not do as thousands today are doing-simply drink a cup of Ovaltine warm at bedtime. For Ovaltine does three things to bring vigorous morning freshness.

(1) Taken warm at bedtime, it relieves that feeling of nervous tension-helps the body relax for sleep without drugs. (2) Processed for easy digestion, it supplies light nourishment to prevent restless tossing and turning due to digestive unrest. (3) It supplies a variety and wealth of important food elements to rebuild body and nerve cells, replenish vitality to meet the morning.

Ovaltine furnishes not only essential vitamins, but also a combination of minerals, high-quality proteins and quick energy food elements which authorities agree are necessary for health and top vitality.

So if you sleep poorly—waken tired and listless-why not turn to Ovaltine as an aid to refreshing sleep and clear-eyed, radiant morning freshness. See if you don't begin to wake up each morning brighter, and more buoyant—ready to greet the day with a smile.
