NAVAL MAN IS INTERESTED IN TERRACE POWER

TERRACE, July 23 (P)— F. J. Searle of H.M.C.S. Chatham, Prince Rupert, is in communication with the Terrace and District Board of Trade in regard to the possibility of establishing a power system in Terrace. The board has advised Mr. Searle that no definite answer can be given at this time.

RAIN GLADDENS BULKLEY VALLEY

SMITHERS, July 23—Farmers of the Bulkley Valley had their hearts gladdened a few days ago by 24 hours of fairly heavy rain which will greatly improve their grain and garden crops although interfering temporarily with the harvesting of the hay crop. Another shower visited the district Thursday night, which will all help to improve the crop situation.

Crops all through the district are looking very good and there should be better than average crop throughout the valley this year.

INGENUITY IN FERRY REPAIR

FRANCOIS LAKE, July 23—In order to replace a twisted tail shaft, Captain Bruce Little loaded the bow of the Francois Lake ferry until she was awash forward. Raising the stern with Mississippi rigging after beaching her, shafts were replaced and the ferry resumed operation on schedule Wednesday morning.

SMITHERS

Among the visitors to Smithers during the week were Sperry Philips, formerly district Agriculturalist at Smithers and now with the Department of Agriculture at Victoria.

Harry Bowman of the C.N.R. Colinization Department, Prince George, has been making a perlodical visit from the interior city.

Mr. and Mrs. Clarence Webber of Vancouver are visiting friends here after several years absence. Mr. Webber owns a farm adjoining the Carr ranch near Smithers and he also carried on a butcher shop business here a few years ago.

MANCHESTER, Eng., (P)— Beginning the first of June, 200,000 cotton workers in Lancashire received wage increases ranging from $1.54 weekly for adult workers and 88 cents weekly for juveniles.

BABINE LAKE IS POPULAR

But Something Will Have To Be Done About Improving Road

SMITHERS, July 23— Babine Lake is fast becoming a mecca for tourists, fishermen and pleasure seekers from the surrounding district but unless something is done to improve the road in from Topley those who wish to get there will have to go on foot before very long.

The last ten miles to the lake are in very bad shape and those who were at the lake on a recent week-end found difficulty in travelling the road when it had become wet from the rain over the week-end.

The hills are bad enough when it is dry but, when they are wet and with the many bad holes caused by the heavy traffic of lumber trucks, the road is just barely passable.

The boys from the United Church, under Rev. C. E. Motte, have been camped at the lake for the past 10 days and will be returning to Smithers immediately. Their camp will be followed by a camping party of girls from the United Church, these camps being established there each year for 10-day periods, when they enjoy boating, bathing, fishing, and occasional trips up to the Old Fort, and Hudson's Bay post at the head of the lake.

Babine Lake being 110 miles long and the largest lake in British Columbia there is no doubt that it will eventually become a very fine summer resort. Game abounds in the area and visitors there last week encountered on the road, moose, bear and deer.

It is hoped that means can be found to facilitate travel over the 27 miles of road from Topley into the lake by much needed repairs and improvements.

FORTRESS WINS OVER BATTERY

In a senior league softball game at Gyro Park Sunday night Fortress defeated Battery 6 to 1 to move into undisputed second place., Superb pitching by Sher, who limited his opponents to 4 hits, was the deciding factor in the game. The boys from the Battery showed much improvement over previous games and should make a place in the playoffs.

Score by innings:

Fortress ....002 121 000—67
Batterey ....001 000 000—14

Batteries:
Fortress—Sher and De Fucia.
Battery — Rosentreter and Lane.

MEN FOR HOME BUILDING MUST BE SECURED

Home building is highly essential to overcome pressing housing shortages, and to provide dwellings for the Forces as discharged.

Shortages of workers for building homes and for producing the building materials are threatening to impede Canada's program for the construction of 50,000 homes as soon as possible.

All men experienced in home building or in producing building materials, who are not now working in either of these industries, are urged to apply to the nearest office of the National Employment Service immediately.

Men experienced at home building or producing supplies, if now in other essential work, will be given permits to work at jobs which will assist the house building program.

All men, not now at house building nor producing supplies, who can fill a job in this program, are urged to answer this call.

Apply at once at the nearest office of the National Employment Service.
