THOUSANDS OF POUNDS OF CLOTHES

As the National Clothing Campaign collection swings into its third and final week in Prince Rupert, Mrs. J. A. Teng, the local chairman, reports that some 4000 pounds of clothing has so far been collected and dispatched. There was a considerably stimulated response last week as compared with the first week and the hope is that by the end of the present week the 10,000 pound quota may have been achieved. The clothing, it may not need to be repeated, is being gathered up in Canada for the relief of the many countries of the world which are still badly in need as a result of en-

emy occupation during the war. The collection set-up in Prince Rupert is for those with old clothing to take it to a centre, many of which have been established in various parts of the city, where it is sorted and boxed up for shipment by volunteer workers. The Canadian Army is co-operating with the campaign by having made a truck available for taking the clothing from the various centres to the main depot in an old Army hut on Fourth Ave. E. The truck is also available for pick-ups from donors who have more donations available than they can carry themselves to the centre.

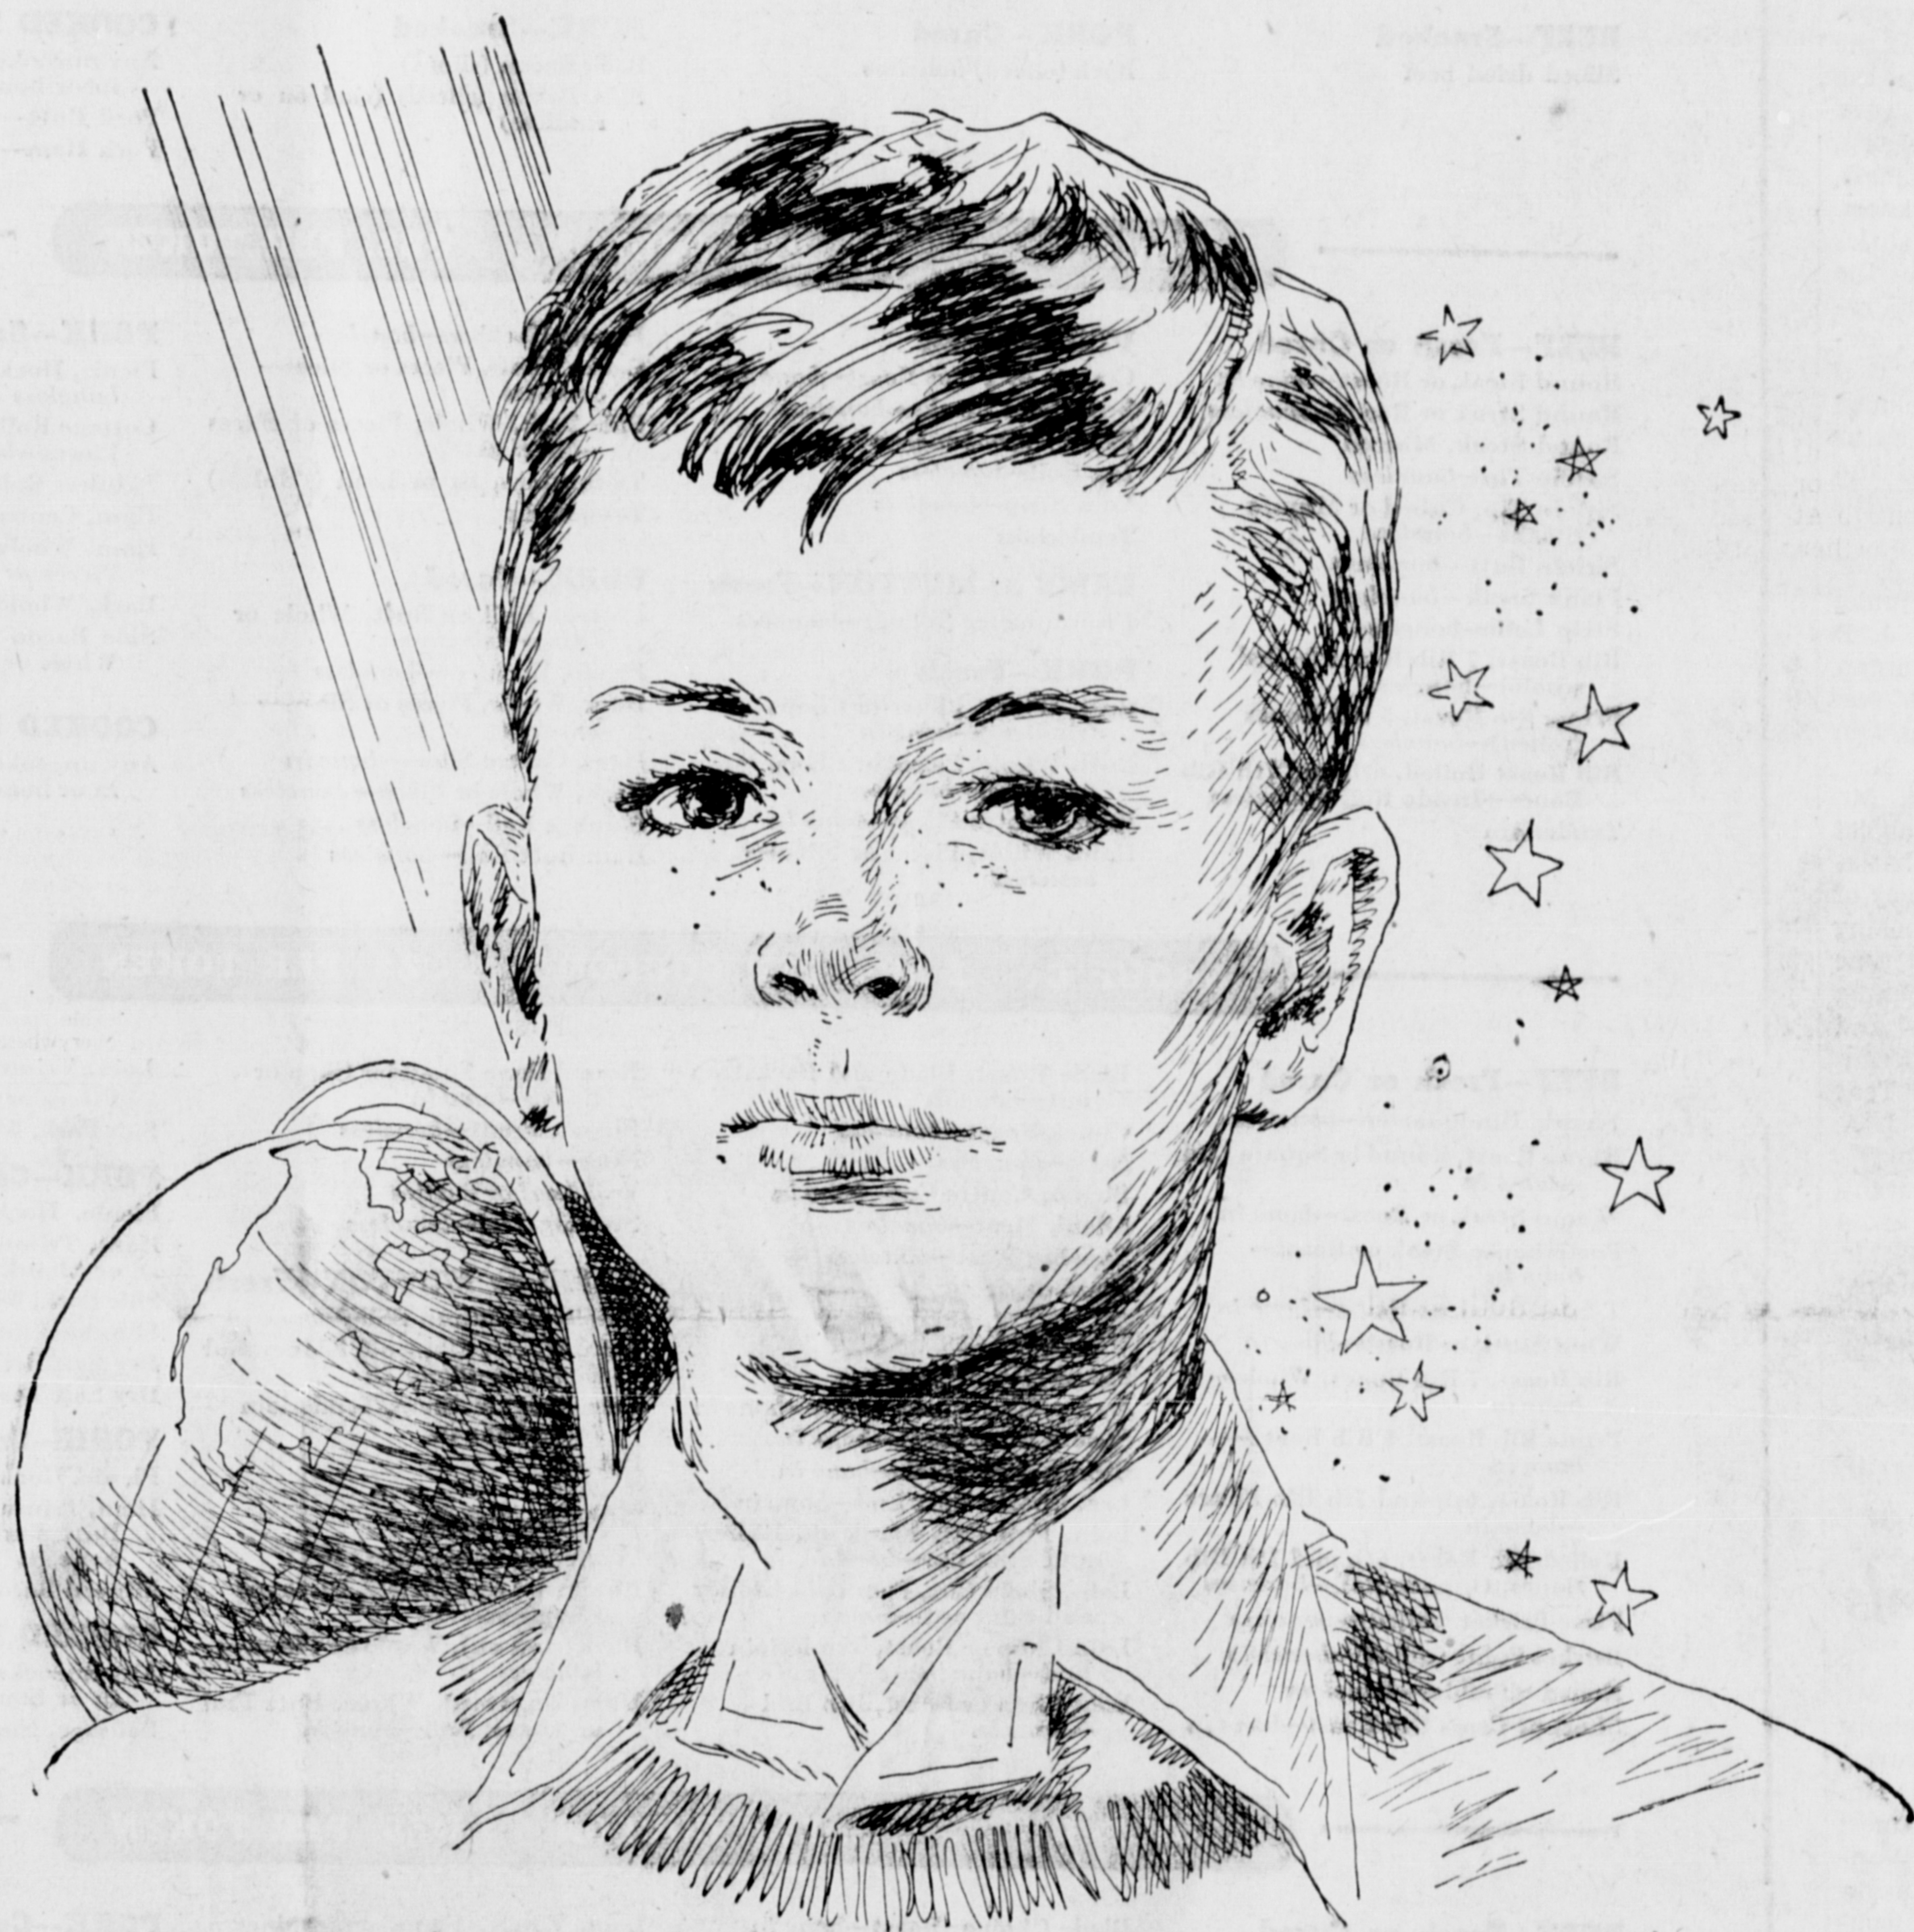

At the end of last week the volunteers assisting Mrs. Teng were Mr. and Mrs. M. E. Prendergast, Mrs. C. H. Elkins, Mrs. H. A. Breen, Mrs. F. S. Walton, Mrs. Jack Armstrong, Mrs. G. W. Johnstone, Mrs. Alex McMullin, Miss Evy Rivett, Miss Porter,

Miss Mae Murray, Miss Prendergast, Miss Mary, Miss Barbara Teng, Mrs. Prendergast, Freddie Graham, Mr. Murphy.

"We're Responsible for His Tomorrow"

"ONE war with Germany each generation!" Is that what we intend to accept in our minds? Where will this boy be at twenty? In Europe again, in khaki or blue?

No. This time, Canadians, and all the allies, are determined that peace will endure. To take practical steps to ensure it, our fighting forces are on duty today with the army of occupation, doing their part to make certain this peace will work. By its very presence in Germany, our army is helping to protect the hopes we all share for our children.

In addition, we must co-operate with our allies in bringing help to liberated countries. Production for this purpose, together with production on the back-

log of home requirements, will ensure a high level of employment in Canada.

This great effort takes all the money we can lend. To maintain our forces in Europe and to provide the essentials to European recovery, demands millions of dollars.

There will be only one Victory Loan in the next 12 months. Because of that, the objective for the 9th Victory Loan will be higher than ever before. For that very reason, you are asked to buy double the amount this time—the same rate of savings as in previous loans will pay for twice as many bonds over the 12 month period.
