Now In Second Place With Fortress In Senior Softball

In a Senior League Softball game played at Barrett Ball Park, the lads of the Fort de- Frederickfeated Eleventh Battery 6 to 0 to keep pace with Fortress, both teams being in second place. Hank Burman extended his run of strikeouts by 17 allowing eny. only four safeties. Rosentrater, the Battery hurler, held the Barrett hitters to 7 singles but errors by his teammates produced most of the runs. Score by innings:

PLAY-OFFS

Two sudden-death play-off games in Intermediate Softball were run off Wednesday night

upset the experts by taking a nip-and-tuck decision from the league winners from Frederick and earned the right to meet the winners of Dry Dock vs. Coop in the best two-out-of-three series commencing Sunday. Report had it that Frederick played the last half of the game under protest but no decision has been decided upon by the league up to press time.

Up on the Hill, the M.P.'s won quite easily from Signals and will meet either Fortress or High School on Monday. Score by innings:

and Pahl.

FINEST ANGLING IN INTERIOR COUNTRY AROUND BURNS LAKE;

If ever there was a sportsman's paradise it is the district around Burns Lake says Alan Sheardown, well known local businessman, who returned to the city on Tuesday night's train from that area and who brought with him to support his angling enthusiasm seven beautiful rainbow trout, the minimum of which

weighed seven pounds. These finny beauties were taken in tion project now under contem-Ootsa Lake while Mr. Shear- plation is a \$15,000 lodge down and J. C. Hunt were the guests of Ed. Van Tyne, a well son, who has just sold the known guide and big game or Omineca Hotel in Burns Lake to FOR ganizer of the area. The fish were caught by deep trolling with copper line and copper and silver spinners.

Not only in Ootsa but at Tsinkut and Babine Lake Mr. Sheardown had grand fishing on seperate trips.

Mr. Sheardown reports an inreasing interest in the fishing and hunting attractions of the Lakes district with bookings of parties not only from the United States but from southern British Columbia. One large party from Vancouver and the Lower Mainland made the Great Circle trip into Tweedsmuir Lake just recently and was highly elated.

The people of the district are realizing the importance of capitalizating on the potential tourist movement into the area and one of he problems which hey are endeavouring to cope with is that of suitable accommodation and guiding arrangements. The outstanding accommoda-

COVER YEARS

Noted Archaeologist Completes Research Work in South Africa

CAPE TOWN, Aug. 2 (P-Abbe Henri Breuil, noted archaeologist, has returned to Paris after two - and - a - half years of research work in South Africa.

"I have dealt mainly with three questions," he told reporters, "the levels of the Vaal River and their paleolithic contents, the levels of the sea, and rock paintings of the Eastern Orange Free State and Bastoland. There was a time when the sea round Cape Town, up to Saldanha Bay and South West Africa was 400 feet higher than it is today, and men lived in these regions. That must have been, very roughly, about one million years ago. We cannot say what the man of that age was like, but he used stone implements which have been found washed up on the beach.

"Similarly we can tell that the bed of the Vaal River was much higher than it is now, probably about 200 feet. For this we also BLAKCPOOL, Eng., (P)-A civil have the evidence of water-worn clusion that the rock paintings undersigned up to August 8, 1945. sergeant employed at the Admir-stone implements. The height in Southern Africa cover a of the sea was probably con- period of thousands of years. to the undersigned. nected with the glacial period Various foreign types of people in Europe. The height of the were represented in paintings in climatic changes."

The Abbe has come to the con- portion of South Africa.

THE DAILY NEWS

LONDON, Aug. 2 (P) - Two -A dozen swans were taken people at least in Britain have from the Niagara Falls during no use for lucky charms. First is the ice jams some 25 years ago Miss Ninnery of London whose by the late Jack Miner and garden produces "thousands" of four leaf clovers. This woman who claims the same thing has happened in her garden during the last 60 years said "they are nothing to me except a nuisance as I have to weed them." The vicar of Risca, South Wales, tuary and a pair of swans were asked through his parish magaplaced on it. The hen laid two zine that brides stop wearing eggs three weeks ago and these silver-paper horseshoes at their are being watched with keen in- weddings. In Wales that is all terest by all bird lovers, as it is the custom, but the vicar says: whistling swans have ever laid blessing on the bride and bridegroom when the former clearly proclaims that she puts her trust more in horseshoe superstitions than in the prayers of the
