

HOW CAN I ???
By ANNE ASHLEY

Q. How can I remove a cork that has broken and fallen inside the bottle?
A. Pour the contents into another bottle. Then pour some ammonia into the bottle, enough to float the cork, and allow it to remain for two or three days. The ammonia will consume enough of the cork to permit its easy removal.

Q. What can I use as a container for paraffin?
A. Use an old coffee pot as a container for the paraffin. When paraffin is taken off a jar or glass, throw it into the pot. When wanted for use, melt the paraffin and pour.

Q. How can I remove rust from tools?
A. Soak them in coal oil, then use sandpaper, after which polish with engine oil.

Need More Cities In South Africa

CAPE TOWN, ©—In 10 years there will be another 2,000,000 people in South Africa's cities. This is the estimate given by the Social and Economic Planning Council in a report on regional development.

The council urges that any new industries should be sited in new areas and not in the existing few industrial centres which are becoming congested and are tending to become economically unsound from the national aspect.

Buy more War Savings Stamps.

A. Soak them in coal oil, then use sandpaper, after which polish with engine oil.

ALBERT AND McCAFFERY

THIS AND THAT

"Oh, Mother! I don't know what Junior will be up to next!"

Smiles 'n Chuckles

Some Store

"What kind of store is that fellow running down there on 2nd Avenue?"

"Well," said the traffic cop on the corner, "he carries flivver parts for sale, buys butter eggs, and poultry, has a post office, serves 39-cent lunches, does a little plumbing on the side, sells periodicals as well as other 'odicals and those new self-sufficiency drugs. I think he calls it a drug store."

Hissoner at the Bar

"I should like to see the judge, please."
"Sorry, sir, but he's at dinner."
"But I must see him on a mat-

ter of vital importance!"
"Can't be helped, sir; his honor is at steak."

Always Ask Daddy

"Mama, how do you get the cubic contents of a barrel?"
"I don't know. Ask your father."

Could Be

Little Seldon brought home his report card, and with it was a note from the teacher.

"Dear Mrs. —," Seldon is a bright boy but he spends all his time with the girls. I'm trying to think up a way to cure him."
"Mrs. —" studied the note then wrote the teacher as follows: "Dear Miss Smith: If you find

a way to cure him, please let me know. I'm having the same trouble with his old man."

Picked Up

Did you hear about the foreign businessman who was persuaded to use a dictaphone on a trial basis—when asked how he liked it he replied: "Well, I'll tell you, it ain't so bad, but it tucks mit awful hexent."

An "A" Finally

It happened during the rush for gasoline coupons and the scene was a High School. The white-haired teacher at the table looked up and grinned at the man standing before her. "Well," she said, "After all these years, I'm finally able to give you an "A."

When Scotch is Rye

She was only a Scottish daughter but you should see her go through the rye.

Old lady to sailor home on leave: "What do you do in the Navy?"

Sailor: "I'm on a submarine, when she dives I run forward and hold her nose."

Speaking of Dirt

He: "She has ears like a steam shovel."
She: "Yes, always picking up dirt."

Double Yoorz

The old-timer, looking bent, weary and dejected, hobbled painfully up to the bar. "What's the trouble?" asked a kindly acquaintance. "You look bad."
"It's yoorz," moaned the old-timer. "I've got a bad case of yoorz."
"What's yoorz?" asked the puzzled friend.
"A double Scotch, thank you."

Who Won the Race

A large lady and a small weakened man appeared before a county judge to be married. Justice: "Where did you two meet?"

ST. PETER'S COMMUNITY HALL—The members of the recently opened Rup-Rec class at St. Peter's Community Hall at Seal Cove became very voluble through their instructor, Don Wilson, last evening after going through their last gymnastic class without equipment. Gymnastic equipment has been on the priority list throughout the war years and even now is difficult to purchase. However, a local firm, which has undertaken the task of constructing some of the essential pieces, has promised to rush it through as quickly

WHAT'S DOING AT PRINCE RUPERT RECREATION COUNCIL GYMS
BY JIM NAST

as possible. By the next class, the gym will no longer have that lean and hungry look.

PRO-REC FILMS—Three colorful reels of Pro-Rec display films were shown at a special meeting of the Rup-Rec staff, late last evening. William Noble, Rup-Rec president, Dr. R. C. Bamford, C. G. Ham and D. C. Wing were in attendance. Scenes from the 1940 mass display at the Hastings Park Forum in Vancouver were probably the most outstanding shown. These scenes included the grand march of a thousand athletes, shots of group dancing, advanced gymnastics, mass pyramids and other spectacular events. The gathering was unanimous in its approval. As one of the young instructress' said, "If the people in town could see them, they would all want to join our classes."

THEY CALL IT WIT—Instructor Don Wilson was vigorously engaged in sweeping a number of tumbling mats, last evening, when co-worker Bill Collins cracked: "If you worked that hard for Mott Electric we might get somewhere!"

ROCKET BOMB SPEED

The Nazi V-2 rocket bomb attained speeds of more than 2,500 miles per hour, and altitudes exceeding 60 miles.

The Church of England plans to spend a million pounds during the next five years in a "missionary invasion of the means of modern propaganda" designed to publicize Christianity in England. Daily newspaper advertising will be one of the main forms of publicity.
