JAPANESE RESOLUTION DEFEATED

Alderman T. B. Black, who in his short term of office has achieved some prominence as an introducer of resolutions, last night brought one before Council which was received with a notable lack of warmth. In fact, it was defeated.

Alderman Black's resolution urged council to notify the Federal government "that it does not favor the return of Japanese nationals or those of Japanese origin to the coast region."

It was opposed solidly by Municipalities has met favorable Aldermen Rudderham, Brett, Hills and Sinclair.

"I thought the time for red ing last night City Clerk H. D. herrings was past," Alderman Thain read letters from Stewart, Rudderham snorted. "You're Smithers, Terrace and Prince bringing that up just to catch votes. The Federal government will dispose of that problem and we won't have any say in

"I'm bringing it up in good faith because I don't want to see the Japs brought back to the coast," Alderman Black re-

WELCOME HUT

Forceful entry and robbery of the Welcome Hut of the Women's Auxiliary to the Canadian Legion to welcome returning veterans is the latest addition to the series of mean and petty crimes which have been plaguing local eitizens lately. The incident was discovered by Mrs. M. Rothwell when she arrived to open the hut on the C.N.R. wharf to receive servicemen from the Princess Adelaide Monday afternoon.

A dozen packages of cigarettes, kept as gifts for arriving servicemen, were stolen by a thief who apparently smashed a window near the door and reached through the opening in an effort to unlock the door Failing to unlock the door the prowler then smashed the metal hasp and entered. Blood -

UP AGAIN

WINDSOR, Nov. 6 (CP)-Tension in the strike in the twenty-eight-day automotive strike eased today following a conference of Federal Labor Minister Humphrey Mitchell with Attorney-General Leslie Blackwell of Ontario, the policy committee of the United Automobile Workers of America (C.I.O.) and

*the Windsor city council. "It was an exceptionally good meeting," Mr. Mitchell said.

Meanwhile there was no immediate reaction by the union to a warning issued by the city council that failure to remove barricade of automobiles leading to the Ford plant might bring the use of military force to clear it away.

COMPROMISE

Plan Presented by Government But its Acceptance is Admittedly Doubtful

BATAVIA, Nov. 6 (P-The government of the Netherlands East Indies, trying to restore order in this land wrecked by a struggle for independence, made public today a plan for "rapid development of Indonesia as a partner in a kingdom which will be cor structed to guarantee self-repect of all member peoples."

The program was presen more than a week ago to In nesian antishalist leaders v. it was reported, urged Governor General Van Mook not to release the document, fearing proposals, which are far short of their demands, would only increase the mand or diplomatic persuasion gulf between their people and was a question of debate last the Dutch.
