A Godly Man Passes . . .

Rt. Rev. George Alexander Rix, D.D., Bishop of Caledonia for seven years and rector of St. Andrew's Cathedral for fifteen years before being elevated to the bishopric, thereby being a resident of Prince Rupert for thirty-two years, was recognized as one of Canada's outstanding churchmen. The passing of a great and good man will be mourned nationally but the pangs of his loss will be more personal in this his home city as well as in every nook and cranny of the expansive

diocese of Caledonia where he labored so long and so well. Besides the townspeople, he was known and esteemed by the farmers of the Peace River country and the interior, the loggers of the coast and islands, the miners of the mountains and the fishermen on the seas and by them all he was held in affectionate regard.

He was a true and understanding friend and his character and disposition was such that denominational lines did not hamper the width of his friendships and associations. Here in Prince Rupert he was a familiar and beloved figure among us all these many years and we shall long remember this man who was as large and upright in mind and spirit as he was in physique. His works and the loving memory in which he was held by his people will be his real and lasting monument.

Another of our prominent pioneer figures is gone to his rest. If ever one of them deserved his reward in Heaven it is him who we now mourn.

ARE WEDDED AT TERRACE

Miss Lesseal Brown Becomes
Bride of Robert Muller

TERRACE, April 3—St. Matthew's Anglican Church was the scene of a very pretty wedding on Saturday evening when Miss Lesseal Brown, daughter of Mr. and Mrs. E. G. Brown of Rock Bay, Vancouver Island, was united in marriage by Rev. R. Hills to Robert Lee Muller, son of Mr. and Mrs. C. G. Muller of Terrace.

The bride looked charming in a floor-length gown of white chiffon with finger-tip veil and matching accessories. She carried a bouquet of pink and white carnations interspersed with maiden hair fern. Her other ornaments were a necklace and brooch of gold set with green gems, gifts from the groom.

The bridesmaid, Mrs. Neva Robinson, sister-in-law of the bride, was attired in a white gown with a headpiece of white flowers. Bill Robinson attended the groom. Mr. C. G. Muller gave the bride in marriage.

After the well-attended ceremony, the bridal party and guests adjourned to the Oddfellows' Hall where a dance was held. For this occasion the Oddfellows' had generously donated their hall.

The wedding presents and a beautiful three-tiered wedding cake, made by Mrs. C. G. Muller, were on display.

Music was provided by Mr. Klohn, Sam Kirkaldy, R. Beecher and several others who volunteered their services. The hall was filled with people who came to extend the bride and groom the very best wishes. A delicious supper was served about 12 o'clock and the party continued until the small hours of the morning.

Mr. and Mrs. R. L. Muller intend to take up residence in Terrace.

SAYS THIS CHEVROLET OPERATOR

Here is another wartime operator of Chevrolet who has taken time out to place on record his opinion of this great car's dependable, thrifty performance under war driving conditions! What he has to say about Chevrolet reliability and the quality service maintained by General Motors dealers during the war years, will prove a familiar story to Chevrolet owners everywhere in the Dominion. Canada's most popular car in peace, Chevrolet has won a new reputation by its ability to stand-up under tough, punishing war driving conditions. Thank you, Mr. Wallace, for your tribute to Chevrolet—"The standout car in peace and war!"

Mr. Kenneth Wallace, writer of the letter reproduced in this advertisement, is president of the De Luxe Cab Company, 251 Queen Street East, Toronto—operators of a fleet of 64 Chevrolets.

"Our company switched to Chevrolets in 1933 and the fleet has been 100 per cent. Chevrolet ever since. Our higher mileages vary from 100,000 to 125,000 miles. In many cases these cars have never had the valves ground, major motor work or piston rings replaced. Most of the rear-ends have not been overhauled. The 64 Chevrolets in our fleet—1941 and 1942 models—are the best automobiles we have ever operated. We have learned that regular check-ups in amazing performance. Our average miles per gallon of gasoline is as good today as when the cars were new—and this is true over the entire fleet. All our major mechanical work has been done by GM dealers, because we believe that they render the right kind of high quality service work at a fair cost. In fact, it costs no more than if we did the work ourselves—and the results are more satisfactory."
