Says Elsie: "It doesn't matter where you live-you can still have milk! Just add KLIM Powdered Milk to water, whisk with an egg-beater and presto! You have exactly the amount you need of nourishing milk for every purpose where milk is required."

All the cream left in!

KLIM is pasteurized whole milk in handy powder form. Only the natural moisture has been removed. All the cream and all of the nutritive values of fresh pasteurized milk are retained. Milk made from KLIM keeps as well as fresh fluid milk. But

by making only as much as you need each time, you can always

have a fresh supply. And KLIM Whole Milk Powder itself stays fresh long after the vacuum-sealed container is opened. It's always handy.

Always the Same

TN cooking with Carnation Milk, you can always count on the quality being the same. The can you open tomorrow will be just like the one you open today. The can you buy at one store will be the same as that bought at another. The bottom milk is the same as the top milk. And every drop has extra "sunshine" Vitamin D. Cook with the good milk with the redand-white Carnation label.

For milk recipes, use half Carnation and half water. For cream recipes, use Carnation undiluted, as it pours from the can. Write for free Carnation Cook Book. Carnation Co. Limited, 470 Granville St., Vancouver, B.C.
