# What is Forestry

Forestry is the science of keeping forests in a state of maximum sustained production. .

The co-operation of the public is an essential factor in forest fire prevention. The Forest Service keeps the public informed during the Fire Season-May 1st to October 1st-by means of radio announcements, newspaper advertising, motion pictures, lectures to schools and clubs, and personal contacts.

Are Now Separated by Fourand-a-Half Games in National League Standing

CHICAGO, July 27 (P)—Chicago Cubs won their ninth straight game over the Cincinnati Reds yesterday and retained their four-and-a-half game margin of leadership over the second place St. Louis Cardinals who defeated

the American League. The New York Yankees defeated the Philadelphia Athletics in a slugging match. The Yanks are now tied for third place with Boston Red

## CANUCK LEADS ISLAND PARTY

Scientists, Explorers in Falklands Are Headed By Winnipeg Engineer

LONDON, July 27 (P)-A Canaservice with the colonial office, legiate Institute of Toronto. is in charge of a British expedition carrying out administrative and scientific work in the dependencies of the Falkland. Islands.

He is Capt. Andrew Taylor, peacetime civil engineer from Winnipeg, whose appointment became known after Lt.-Cmdr. W. J. S. Marr, an Englishman, relinquished command of the party because of ill health. Cmdr. Marr now is on his way home to Britain.

The Falkland Islands expedition left Britain in 1943 with a small party of scientists and explorers making up the party. It was a secret mission, devoted to the study of such questions as the development of whale fishing, minerals, and the establishment of special stations for weather reporting.

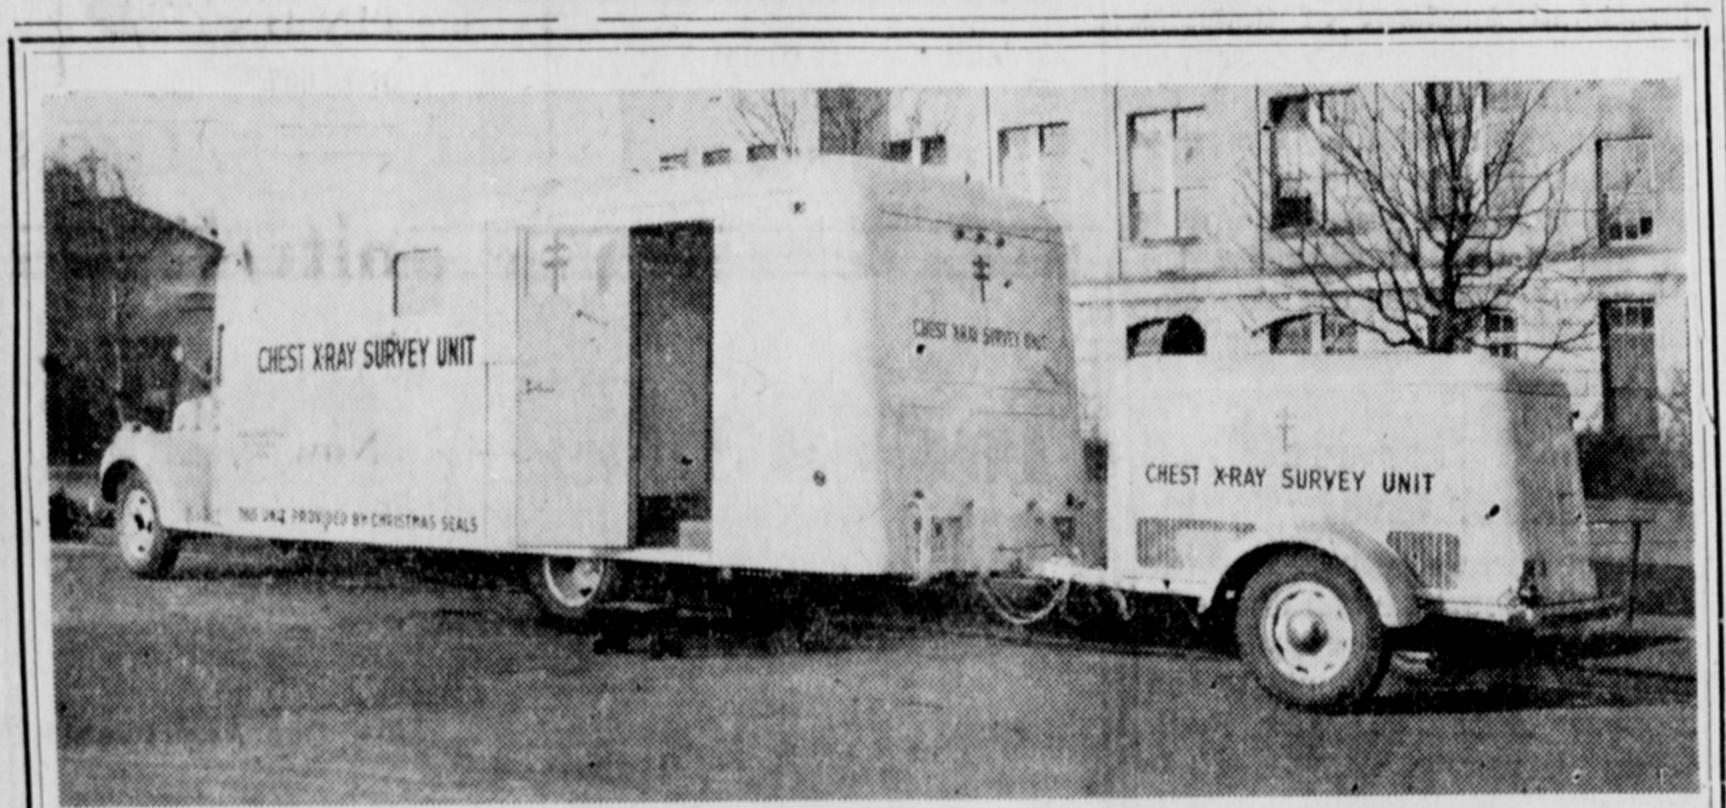

party, is 42 and was formerly German authority. Whenever the on the headquarters staff of the Nazis managed to collect a few First Canadian Army, in the sur-
