Need For Clothing . . .

A National Clothing Collection will be staged in Prince Rupert and across Canada in October for the people in war-devastated Allied countries. These victims of war are desperately in need of clothing, especially the children. Unless they get substantial quantities of serviceable wearing apparel, millions of them will suffer during the coming winter. There is a partial solution to the problem in Canada.

Healthful Recreation or Crime

It is evident from our newspapers that the predicted crime wave, the aftermath of the long war years, is sweeping Canada.

That the perpetrators of many of these crimes are mere children is indeed alarming. An important movement is now on in Prince Rupert to help prevent the development of this wave here. It is the fast-moving setting up of the Pro-Rec facilities which include organized sport programs such as archery, volleyball and badminton, hobby groups such as woodcraft, leatherwork, plexiglass and chess and checker club, and cultural activities such as drama groups, play reading, public presentations, outdoor summer theatre, music, Young Peoples' band, music appreciation classes, swing club and orchestra.

The movement is worthy of the support it is receiving and it is something that every person in the community may well become actively interested in.

LOST ACE FOUND IN JAP CAMP—Maj. Gregory Boyington, U.S. Marine Corps air ace, missing for more than 16 months, is shown (left) shaking hands with Cmdr. Harold Stassen, former governor of Minnesota, aboard an American warship in Tokyo Bay, after his liberation from a Japanese prison camp at Aomori, near Yokohama. Maj. Boyington was officially credited with shooting down 26 Jap planes before he disappeared over Rabaul, New Britain, in January, 1944. Navy rescuers told of harrowing tales of conditions at the Aomori camp, which they described as a "hell hole." Maj. Boyington holds the Congressional Medal of Honor.

A basket social was held at the village of Kincolith on the Naas River on Saturday, under the auspices of the Women's Auxiliary of Christ Church, Kincolith, for the purpose of raising funds for the purchase of a new electric light plant for the church. The Jubilee Hall was packed with local people and visitors from nearby canneries.

The evening was brought to a close with a dance, music for which was provided by the North Star Orchestra.

We can say this in three words . . .

For every man, woman and child in Canada, there is a double, a human shadow of ourselves in ravaged Europe or Asia. There are children "over there" who would be overjoyed if they could have the clothes our children can wear no longer. Whereas, we have enjoyed the comfort and safety of distance from the world's battlefields, our doubles wrecked by the tide of war, are now among the "statistically naked." For each one of us, working, shopping, tending our chores - there is another human being-"statistically naked." It is a phrase to remember. It means that our doubles share a
