The Canadian military post office on Third Avenue closed yesterday and Mayor H. M. Daggett said this morning that he hoped to obtain use of the vacant building as a polling station for the civic elections on December 13. The fact that the building is on street level would make it more convenient as a voting station than city council chamber which is on the third floor of the city hall.

Canada's youth is coming home. It will be months—or years—before some are back to normal health. Many will need to take up their studies where they left off. Others are planning to go into business, or learn a trade, or buy a farm, or a home with a garden.

Canada's whole future is bound up with their successful return to civil life. We can help them to carry out their plans. We can help them to make up lost years. We can buy Victory Bonds.

This is our continuing responsibility—our privilege—our debt of honour.

Slogan Picked—"Rup-Rec" Is Chosen

Joan Moller and Everett Pierce Win Recreational Emblem Contest

The judges of the Prince Rupert Recreational Council competition to find a suitable abbreviation and emblem for the local recreational activities have selected the entries of Joan Moller and Everett Pierce. The prize money will be divided equally among them.

"Rup-Rec" has been accepted as the official abbreviation for the Prince Rupert Recreational Council. This catch phrase was submitted by the two winners and by other contestants as well. "Rup-Rec" was the choice of Everett Pierce, Joan Moller, Frank Clapp, Norman Stenton, John Strand and Henry Martinson.

The judges' statement said that all entries submitted showed a good deal of originality and artistic ability. However, no single entry was entirely satisfactory, and the official emblem, therefore, will combine the good points of the drawings of both winners, Joan Moller and Everett Pierce.

The official emblem will be in the form of a shield headed by the words "Rup-Rec" and containing the motto, "Fitness First." This slogan was considered particularly apt since the judges considered fitness implies more than just physical fitness. "True fitness" is of fourfold character—physical, mental, moral and spiritual," the judges said.

All members of recreational classes in the future will wear the "Rup-Rec" emblem. It is hoped that all institutions in the community—the home, the school and the church—will give their assistance in explaining the high ideal embodied in the words "Fitness First."
