Such Is Recommendation of President Truman

WASHINGTON, D.C., Aug. 30 (P)—President Truman recommended to Congress today that \$42,000,000,000 spent on lendlease should be written off because the United States had received value for the money in other ways through helping to achieve victory over the enemies of the United States-Germany and Japan. Further between five and six million dollars had been returned in reverse lend-lease. Any attempt to collect lend-lease would have adverse effect on world trade.
