MRS. TOLIN IS HONORED

Farewell Said at Meeting of Women of Moose
At the regular meeting of the Prince Rupert Chapter No. 211, Women of the Moose, four new members were admitted, namely, Nora Stromdahl, Judy Goveski, Lillian Le Claire and May Brew.
The drawing of \$2 from "Moose Cash" was won by Mrs. E. McIntyre.
With a few words expressing the good wishes of the chapter, the senior regent, Mrs. J. T. Kasper, presented the Graduate Regent, Mrs. Tolin, with a parting gift.
Concluding the business, the meeting was closed to enjoy a social evening to which the members of L.O.O.M. No. 1061 were invited. The program included a Moose Quiz with the men versus the women, the latter winning by about 20 points. Then amid laughter, cheering and much-needed advice, five men adorned five other men as their blushing brides using newspaper and pins. To the strains of both Lohengrin and Mendelson wedding marches the groom and the would-be bride paraded the hall. Reg Crozier and Reg Wilson were the triumphant prize winners. After the serving of refreshments Mrs. Tolin and Mrs. Royer led the grand march, Mrs. Tolin being led to the centre and the crowd sang "Auld Lang Syne" and "For She's a Jolly Good Fellow."

HEAT-TREATED FOR Easier Digestion

Yes... it's true... heat-treatment makes Carnation Milk easier for babies to digest—one of the biggest reasons why millions of babies get Carnation Milk in their bottles. There are other reasons, of course—it's completely safe, convenient to keep and to use in baby's formula, as nourishing as milk can be. And Carnation provides extra "sunshine" vitamin D, needed for bones and teeth.
Carnation is just good, whole milk with part of the natural water taken out, homogenized, sterilized, and enriched with "sunshine" vitamin D. Write for free, authoritative book, "Your Contented Baby". Carnation Co. Limited, Vancouver.
