The Local Storage Deal . . .

B.C. Packers Ltd., already the largest fish packing organization on the Canadian west coast, has further strengthened its position as the result of its acquisition of an interest in Canadian Fish & Cold Storage Co. at Prince Rupert, says Financial Post.

The plant of Canadian Fish & Cold Storage is said to have the largest cold storage facilities for fish in the British Empire. It operates the year round and at times has handled more than 25 million pounds of frozen fish in a single year. Halibut has usually

accounted for about 50% of this volume, salmon 25% and cod and flatfish the balance.

Canadian Fish & Cold Storage Co. has for many years been under the control of Lazard Brothers, international banking house with head office in London. J. A. Boyd, Montreal, is their principal representative in Canada.

Canadian Fish & Cold Storage Co. is not to be confused with Canadian Fishing Co., another large west coast operation which operated in conjunction with the New England Fish Co., an important factor in fisheries operation in Alaska and the United States west coast. Both Canadian Fishing Co. and New England Fish Co. are headed by Al Hager, Vancouver, who is chairman of the board.

The deal is indicative of B.C. Packers' interests in the fresh and frozen product of the fisheries, which has attained large proportions in recent years.

ON GUARD

against accidents

Accidents—preventable accidents resulting from carelessness—take a fearful toll in death and injuries each year. Be on guard against carelessness at all times . . . that's the first step in accident prevention. It is equally important, however, to know how to render First Aid when accidents do happen—for First Aid, rendered competently and quickly, is often the means of saving a precious life.

That is why the work of the St. John Ambulance Association is of vital importance to every

Canadian. Through this Association facilities are made available to everyone to learn the science of First Aid—a sound knowledge of First Aid has been imparted to hundreds of thousands of Canadians by the St. John Ambulance Association.

Decide now to learn First Aid. For full details get in touch with your local St. John Ambulance Association branch or write to St. John House, 321 Chapel Street, Ottawa, Ontario.

The St. John Ambulance Brigade is the serving branch. Members of the Brigade put the instruction received from the Association to practical use—rendering a First Aid and Nursing Service throughout Canada and the British Empire.
