## CONSIDERED **Prince Rupert Teachers' Association Instructs**

In a busy session Tuesday evening in the Civic Centre, the Prince Rupert Teachers' Association dealt with many clauses that the salary committee had prepared for their consideration. These clauses would consolidate and clarify clauses of previous salary agreements and if approved would combine the most desirable features into one schedule.

Resolutions for the convention were considered. These included a request for revision of the Bible readings set aside for daily reading, a limit on the number of pupils in Grade One, a standardization of the primary reader throughout the province

so that pupils being transferred from one school to another would have a similar background of instruction, a revision of
