Port Simpson and Prince Rupert will be having another of their hoop matches tonight when the Savoy five will be travelling to Port Simpson for the event. But this time something new is being added to the game. For a warm-up event the local People's Store ladies team will be meeting the newly formed Port Simpson women's team. If it should prove to be a success more of these games can be looked for in the future. The Savoy squad will be travelling without their coach, Doc Montgomery, but nevertheless feel confident that they will put on a good show.

watch could be reliable. These watches are not really new but it was not till about 1930 that they came

into quantity production. The timekeeping parts are similar to the regular watch with the addition of the self-winding attachment which is a swinging weight which operates by a ratchet

when the wearer's arm is moved. Some advantages are that the watch is always fully wound making a constant tension on the stem mainspring, prevent-

ing breakage of springs and stem. There is a special device to keep the

watch from overwinding. We have a very satisfactory model at \$37.50. Also the famous Mido at \$60.00. Omega has recently produced their master at \$82.50. All plus tax.
