WILL MOU SAVE A LIFE?

This is a plea for something far more precious than money . . . YOUR blood! For blood means life itself to someone whose life is on the point of slipping away.

Every year thousands of Canadians ::. children struck down by accident ::: mothers in childbirth . . . patients on the operating table ... depend for their very lives on blood transfusions.

Except in large centres, transfusion facilities are almost non-existent. In whole sections of the country, no plasma at all is available.

A great new civilian Blood Transfusion Service has been opened by the Canadian Red Cross to provide whole blood and plasma, FREE . . . not even a Hospital Service charge, to every hospital patient in Canada in need of a blood transfusion.

But voluntary blood donors are needed. Thousands of them! Will you volunteer?

Contact your nearest Red Cross Branch or Clinic and say, "Yes, I will be a donor."

Give blood that others may live CHNHUIAN DLE UNUUU
