BOOST HERRING CATCH
LONDON (AP)—A fleet of modern trawlers will increase Britain's herring catch to about 3,500,000 crans. Approximately 450,000 crans of herrings, bloaters, kippers and red herrings will be for home consumption while the remainder will be for exports and for manufacture of herring oil.

JUNIOR CHAMBER PLANS TO PAINT LOCAL MUSEUM

The Prince Rupert Junior Chamber of Commerce has produced a colorful idea. Its members want to paint the Museum building. The disciplines obviously necessary when a group of young, non-professional painters are turned loose with brushes and paint pots have yet to be worked out.

The idea was laid before a gleefully receptive membership last night by Junior Chamber President A. P. Crawley, who found it necessary to warn that this was part of a civic beautification campaign and not a holiday for frustrated artists. The scheme was embraced ardently by Tourist Committee Chairman Al Manson who reported to the meeting that the museum building, which formerly was the library building on Second Avenue, also has been chosen for tourist headquarters this year by the Public Relations Council. Everyone agreed that for a museum and tourist headquarters, the building looked drab indeed. Plainly, a colorful garment of paint was the answer.

"Ma wants to know can she borrow a package of crisp, delicious Grape-Nuts Flakes until tomorrow?"

"Sure thing, Ukuk, we always keep an igloo full of malty-rich, sweet-as-a-nut Post's Grape-Nuts Flakes."
"Brother, we can use that good nourishment in Post's Grape-Nuts Flakes: carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials."

BLOOD TRANSFUSIONS FREE TO ALL

GIVE to make this possible

To save the lives of our Canadian fighting-men in action during the war, thousands of Canadian civilians gave their blood to the Red Cross. But in peace, too, Canadians die when a blood transfusion would save them. Whole blood and plasma are in short supply . . . in some parts of Canada there are no facilities at all for an emergency transfusion. In order to save the lives of Canadian men, women and children, the Red Cross is establishing a Civilian Blood Transfusion Service. By a system of voluntary blood donations, the Red Cross will supply every hospital in Canada with whole blood and plasma. Any patient in need of a transfusion will receive one, free of charge. Your help is needed to support this and other valuable Red Cross services. The Red Cross needs money . . . your money. Money to maintain Outpost Hospitals . . . to help correct the deformities of little crippled children . . . to maintain Red Cross Lodges, where next-of-kin of disabled veterans may visit their loved ones . . . to bring relief in time of disaster. All these things the Red Cross does . . . won't you help them keep up the good work?
