#### Vancouver Island? Never Heard Of It

DUNCAN, (P -- Mirs. K. Savory, Cambridge, England, is wondering what's happened to Canada. Mrs. Savory but through a long ing, says Jane Zeiser, one of the distance call to her mother, Mrs. starts of the current "Ice Cycles" several hours later received word | Miss Zeiser is careful of her diet that Montreal advised there was and maintains an even balance no such place as Vancouver Island. It required several hours of belyful practice when her husinvestigation to prove to Montreal it was wrong.

If your building, house or furniture were lost through fire, would your present

the narrow path with a muddy with a prize. It was a loaf of truck. dip in its middle, or one of bread, fragrant and brown And broad, disappearing greatness, good. they are much alike in their of- A set of eight teeth nibbled came. Where was her parcel. ferings to a populace. Each day the edges all around. Small fin- she wondered out loud? Where is made different in spite of an gers dug indelicately into the were auntie's blouses? And her immobility upon the face of the gaping corners, then travelled small son knew all the anearth and a sameness of scenery. Swiftly to a tiny pink tongue. swers. It should not be, but it Almost, the feet that tread the Juicy lips smacked and smacked was. The parcel was far down paths into smoothness and clack again over each crumb as she the street and far under a heap the serene pavement, are the gurgled her delight and raised of refuse. For an important same. The flow of life, however, is never constant, not from one day to another. And therein lies the difference, whether tragic humorous, or merely common-

The commonplace can be all too common. Little habits of earelessness become a fixture. Such as driving and easting papers out of the window. by and by, such a one drives down Third Avenue (on Cleanup Week, too) and throws paper fragments at random.

Faces are enhanced by smiles and so are streets. The doubledealing Weather Man and bad digestional tracts get the blame for the majority of glum expressions and lowering brows. yet eminent authorities claim that even the latter retreats into normality when dosed frequently with large quantities of real humore The kind that reaches deep down, and warms the "innards," and then radiates to others. With such workings working, no one could resist answering "Good Morning"-the first or the fortieth time! And the weather effects a person less when the sun shines from the inside out.

However, this day the sun was 4:30-Music for a Summer Eve shining full and warm. And s group of people wore smiles, including the bright-eyed cherub upon whom they were directed. She was pink-checked and in her first year. She sat in a carriage on the corner of Fulton St. and Third Avenue and at her feet was a bulging shopping bag filled with good things It had been placed well at her feet by a careful mother before she entered a store. Soon, a pair of enquiring hands tugged at the bag, scattered the contents at

While he waited, he watched the garbage-men at work. Closer and closer they came down the street. Before each house, they stopped to dump some-Streets are wonderful. Be it will, and came up triumphantly thing into their wonderful, big

> When the truck was far past him down the hill, his mother the loaf again until all that was little boy had added his bit to visible was a pair of round blue a day's collections.
