National Film Board Photo This Blind Boy and these women and kids have been "living" on roots among starving millions Starving, sick and weak, these Chinese war victims can

stand only a little soft food when at last, after homeless wanderings, they reach a relief centre.

Ravaged by war, famine, disease, millions of our Chinese allies, who fought bravely for eight terrible years, are in dire need.

Today they cry to fortunate Canadians for food, clothing, medical supplies, hospital equipment.

UNRRA's work is ending. Voluntary agencies must carry on. Canada must do her share.

Common humanity, the need to rebuild the One World of which we are a part, the plight of a good neighbor and future customer, alike compel us to do all we can. Will YOU help?

This is the only national appeal to be made in Canada within the next twelve months for Chinese relief.
