GARDEN NOTEBOOK
Construction of window boxes is simple. The diagram which accompanies this article shows how to build them. For a standard single window, a box 3½ feet long, 8 inches deep and 10 inches wide is a good size. But measure your windows and make boxes to fit. Where larger, or multiple, windows demand greater length, the other dimensions must be larger in proportion, or single boxes may be provided for each window in a group.

DRINK POSTUM INSTEAD
But if someone says "Drink Postum instead", that really rings a bell!

Yes—Postum is a grand way to stop drinking tea and coffee if the caffeine in those beverages upsets your nerves, keeps you awake.

You can drink Postum any hour of the day or night—enjoy as much as you like, as strong as you like—and not miss a wink of sleep. Postum contains no caffeine, nor any other drug—can't affect heart or nerves or digestion.

Make Postum right in the cup, just by adding boiling water or hot milk. Costs less than 1¢ a serving.
