AN INSIDE STORY LIFE ASSURANCE SERVICE

The Balance Sheet of Canada's largest life assurance company reveals 1946 as one of the most progressive periods since the Sun Life issued its first policy 76 years ago, but figures alone tell little of the human story behind this great co-operative enterprise. For instance, last year over \$100 million was paid out in benefits. What did this mean to the thousands of policyholders and beneficiaries who shared it? Here in brief is some of the story between the lines:

During 1946 over \$31 mil-lion was paid in DEATH BENFFITS, providing a continuing income for w ows and children and

\$14 million was disbursed under ANNUITIES and ENSIONS, bringing in life which should be

paid in ENDOWMENTS, furnishing for many the cash or life income necessary to carry out long cherished plans.

BENEFITS PAID SINCE ORGANIZATION \$1,919,999,149 NEW ASSURANCES IN 1946 \$348,155,491

ASSURANCES IN FORCE * \$3,573,132,753

The savings which Sun Life policyholders send to their Company in the form of premiums to provide protection against the hazards of tomorrow are invested in the nation's industries, in farms, homes and schools, in public utilities and Government Bonds, to be converted into employment and wages, thereby contributing to your economic stability, and that of many thousands of your fellow citizens.

SUN LIFE OF CANADA A complete copy of the Annual Report for 1946 will be sent
