

INCOME in early married life is never large. You haven't had time to build reserves to provide for your family in the event of premature death.

The Crown Life Guaranteed Family Income Benefit has been designed to meet the needs of the young family. It will give your family this necessary protection—and at low cost.

How? By providing a regular monthly income while the children are growing up and at the end of the income period a further payment in eash of the full face value of the policy.

Get in touch with a Crown Life Representative today. He will be glad to go over the plan in detail with you.

A quiz, as to preference for rain or snow, appears in a Vancouver paper. The list contains 11 names and the candor shown is quite disarming. Out of 11, eight plump for rain and two for snow. The eleventh is delightfully uncertain. The ratio might stay the same in the event of the population being consulted. Snow is hard to take.
