

Liberals Win Again In Nova Scotia

Conservatives Stage Comeback in Election

HALIFAX (CP)—Premier Angus I Macdonald's Liberal government is back in power in Nova Scotia with a substantial majority in spite of Conservative inroads. Progressive Conservatives will assume the role of the official opposition in the next Legislature, taking over from the C.C.F.

Settlement Of Disputes Is Ordered

PARIS—Big Four foreign ministers instructed their military commanders in Berlin to settle all disputes immediately. Agreement to do so came after Andrei Vishinsky of Russia had at first declined the proposal.

The party standings as a result of the election are: Liberals, 27. Progressive Conservatives, 8. C.C.F., 2.

In the 1945 election the Liberals won 22 seats, the C.C.F. two while the Conservatives took one.

Yesterday's election was the fifth win in a row for the Liberals since 1933.

Macdonald won a personal victory in Halifax South with a majority of 2,885 over his Progressive Conservative opponent.

Progressive Conservative Leader Robert L. Stanfield was elected with his running mate in the two-member seat of Colchester.

The C.C.F. leader, Russell Cunningham, was returned in Cape Breton East with a majority of 714, about one-third of his margin in the last election.

The Liberals took a total of 164,000 votes; Conservatives, 133,000, and C.C.F., 32,000.

DISTRESS OF WEST COAST

VANCOUVER—Canadian and United States rescue vessels have gone to the aid of a 45-foot fishing boat, the Alice B., an American vessel, which is disabled off the west coast of Vancouver Island.

The Alice B. sent out a distress signal last night, giving her position as 2 1/2 miles south of Amphitrite Point at the western entrance of Ucluelet Arm.

The Alice B.'s crew is believed to consist of two or three men.

ARE MOVING TO SETTLE STRIKE

QUEBEC—Three Thetford asbestos mining companies are considering strike settlement proposals submitted by 2000 striking employees following a mass meeting at Thetford Mines on Wednesday.

The proposals, presented by the strikers, contain these three points: 1. Immediate return to work by the strikers.

2. No discrimination against strikers except in the case of the alleged assailants of Lionel Piuz, company superintendent, and persons involved in the dynamite incident at Johnson Mines and any strikers found guilty before the courts in connection with the strike.

3. Company-union negotiations immediately.

ST. LAURENT IS STILL RESTING

QUEBEC—Prime Minister St. Laurent is still out of active participation in the election campaign. Recovering from an attack of laryngitis, he is continuing to rest at his home.

DREW CHARGE ON AIR DEAL DENIED

TORONTO—Rt. Hon. C. D. Howe, minister of trade and commerce, told a rally in Ontario that Washington sources had telephoned him to deny charges of Progressive Conservative Leader George Drew that the first involved in the Canadian deal—the Electric Boat Company of the United States—had been a member of an "international armament ring."

HAS TROUBLE WITH WINSTON

But Princess Elizabeth Controlled Her Mount On King's Birthday

LONDON—The King's birthday, traditionally held here June 9, was revived for the first time since 1939 yesterday in all its pre-war splendor and pageantry. Massed bands and cheering crowds paraded under leaden skies and the sultry air made horses restless.

Princess Elizabeth, riding side saddle, had trouble with her chestnut mount, Winston, but got it in hand. The King later congratulated Elizabeth on her riding.

BEVIN SEES SOVIET HOPE

BLACKPOOL—Foreign Secretary Ernest Bevin raised hopes yesterday that Russia and the west can reach an unwritten pact to live and let live. He told the Labor party's annual convention, that Russia is a vexing problem and the veto a barrier to formal peace settlement that "seems insurmountable." But, he said, there is hope for a working agreement.

DREW REPEATS HIS AIR CHARGE

TORONTO—Speaking in Ontario last night, Progressive Conservative Leader George Drew repeated charges that the giant \$22,000,000 Canadian plant at Montreal had been sold to an American firm for an insignificant sum. Mr. Drew called for quality of education for Canadian youngsters and said this was the duty of the government.

LULLINGSTONE, Kent, Eng.—The imprint of a child's footstep, believed made 2,000 years ago, was discovered by archaeologists in the grounds of Lullingstone Castle. The area once was a Roman villa.

Gov't Meets Over Strike

Emergent Session of British Cabinet Called by Attlee

LONDON—Prime Minister Clement R. Attlee called an emergent cabinet meeting today to act on Britain's railway strike crisis. The cabinet was to consider an appeal from the executive of the National Union of Railwaymen to intervene in a threatened national stoppage of trains on Sunday.

The Union followed a breakdown of negotiations yesterday with the national railway executive which runs the state-owned railways to settle the "Sundays Only" strikes which have paralyzed railway traffic in the northeast for the last three week-ends and which now may be extended all over the country. The railway workers are asking for a \$2 across the board increase.

The dock workers' strike is also continuing at Bristol, Avonmouth and Liverpool despite the appeal of the Premier to return to work.

CROPS COULD STAND RAIN	
Weather on Prairies Warmer After Cool Spell	
WINNIPEG—Weather over the prairies during the past week commenced generally fairly cool and cloudy but has turned warmer during the last few days. Rains have not been general but scattered showers have been reported over a wide area, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways. At present, there is sufficient moisture in Manitoba and Eastern Saskatchewan but elsewhere a good general rain would be highly beneficial.	
Dust storms have been reported from western Saskatchewan and East-Central Alberta.	
The weather so far has aided the fight against grasshoppers and this, coupled with a vigorous poisoning campaign, has kept damage low. Scattered reports of wireworm and cutworm damage have been received.	
In the Okanagan the weather during the past week has been warm and dry. Cherries are expected to move from Osoyoos and Oliver about June 20, and from Penticton and north by June 27 or July 1. At present, there is every indication that the fruit crop will be excellent.	

BASEBALL SCHEDULE

TODAY
Pittsburgh 6, N.Y.

CANADA'S HON. PEARSON AT POLITICAL SCIENTISTS MEET—Noted guests and speakers are pictured at the Hotel Astor in New York where they gathered at the 69th spring meeting of the Academy of Political Science. Dr. Philip C. Jessup, U.S. ambassador at large, shown at left here, in his address, declared that war is "not inevitable" and that the U.S. does not believe in a "preventive war." He also rejected Soviet charges that the North Atlantic Defence pact is an aggressive act against Russia. In the group, left to right, are: Jessup, Hon. Lester B. Pearson, Canadian secretary of state for external affairs; Carlton J. H. Hayes, who presided. He is the Seth Low professor of history at Columbia University and a former U.S. ambassador to Spain.

MAYOR HOUE IN ELECTION FIGHT

OTTAWA—Camilien Houe is in the general election campaign. The fiery, bouncy mayor of Montreal, 59 years of age, announced last night that he will contest Montreal-Papineau as an Independent candidate in the June 27 election.

Government Collects Forfeited Deposits

OTTAWA—The federal government will get back some of its heavy outlay on the June 27 general election. Forfeited deposits of candidates will yield many thousands of dollars. Each candidate must post a \$200 deposit, which is forfeited if he fails to poll more than half the votes of the winning candidate in this riding. High point in government revenue from this source was in 1945, when \$92,400 was turned in by 462 candidates losing deposits. They were almost half of the total of 952 candidates in the running.

THE WEATHER

Synopsis
Considerable cloudiness persisted over much of British Columbia this morning but rainfall was occurring only along the northern coast. A ridge of high pressure is now developing over the coast and gradual improvement is expected over Vancouver Island, the Lower Mainland and most of the interior areas of the province in the next 24 hours.

Considerable cloudiness will persist over the Queen Charlottes and the northern mainland.

Forecast

Queen Charlottes and North Coast—Overcast with occasional rain this morning. Cloudy this afternoon and variable cloudiness overnight. Cloudy Saturday. Winds southwesterly (25 mph) in the exposed areas, shifting to westerly (25) during the morning. Light winds elsewhere. Little change in temperature. Lows tonight 42 and 60, Massett 40 and Prince Rupert 45 and 60.

MR. DEWEYS VISIT BELGIUM—Governor Thomas Dewey, accompanied by his wife, Mrs. Dewey, on a holiday in Europe, accompanied by sightseeing trip through the streets of Brugge, Miss Agnes R. Dewey, governor's director of medical affairs, obtain background material for possible use for the Department of Health Affairs at Christie St. The Deweys will visit Britain, the Netherlands, Switzerland and Italy before returning with the family in Van.

SEARCH CONTINUING FOR ULMER

Land and sea search for Ulmer, missing for more than two weeks on the west coast of Graham Island, is continuing. The Royal Canadian Mounted Police plane which has been searching the area for more than a week in the hope of locating the Vancouver fisherman, returned to its base. The plane, part of No. 12 Squadron, returned to its base after it had spent a week in a vain search for Ulmer between Athlow Bay and the coast where Ulmer disappeared after taking to the sea when his boat was dis-

LOS ANGELES PARTY HERE

Favorably Impressed With Everything But Prince Rupert Streets

Expressing keen interest in everything they saw and not at all depressed by the heavy rain which, indeed, they found refreshing and invigorating, 240 members of the Los Angeles Chamber of Commerce, goodwill tour party, on their way to Alaska, spent four hours in Prince Rupert today aboard the steamer Prince George. They will be back again next Tuesday evening.

Again organized by Charles P. Bayer, assistant to the president of the Los Angeles Chamber of Commerce, who has led several similar groups here in the past, the party on this occasion consists entirely of new people, none of whom had previously made the northern trip.

Buses and cars were on hand to take the party on sightseeing trips. Fish handling plants were, as usual, of particular interest.

Some of the visitors were impressed with the fresh verdure of the trees and the color of local gardens.

"But," exclaimed Martin O'Malley, "I hear you have a lady mayor. Why don't you get her to do something about the streets?"—and thereby seemed to be implied a general impression.

Illness prevented Mayor Arnold and President of the Prince Rupert Chamber of Commerce, G. R. S. Blackaby from meeting the party but they expressed the hope that they would be able to see them when they are here again next Tuesday night.

The party is led by Earl C. Grover, president of the Los Angeles Chamber of Commerce. S. M. Greene, general passenger agent, Canadian National Railways, represents the company, being accompanied by Mrs. Greene.

HOLDS A TRADE FAIR—International trade fairs always popular in Europe than in North America, are being held here. Here is H. E. Jean Desy, centre, Canadian ambassador to Italy, in front of the Canadian exhibit at Milan, Italy. Accompanying him is Luigi Gasparotto, president of the fair.
