URGES SUPPORT OF COALITION

KITWANGA-Harold Sinclair, vice-president of the Skeena district of the Native Brotherhood of B. C., told a meeting here that in the coming provincial election the natives being asked to choose between the the C.C.F. and Brotherhood itself.

Aims of the Native Brother-

WALLACE'S

hood of improving the conditions of the province's Indians during its 19-year struggle had been partly achieved due to the action of the Coalition government which gave them the vote, he declared.

"It was through the provincial government that the door was opened to us with the right are to vote," he said. "Now we are offered increased benefits of ed-Native ucation, hospitalization and an opportunity to take part in the industrial expansion of the province. This is the work of the Coalition government." By standing firmly behind the aims of their own organiza-

tion, Mr. Sinclair said, the natives could have no other choice but to support the Coalition

"Are we to look after our interests or are we to go wildly after the C.C.F. which has given nothing but promises? That is the choice we must take," he

declared.

NOTHING TO WORRY ABOUT, FRANCO SAYS-Above is a view of the huge crowd that gathered outside the former royal palace in Madrid to cheer Generallissimo Francisco Franco after his recent speech at the opening of the third term of the Spanish Cortes (parliament). At right, El Caudillo smilingly waves acknowledgment of the ovation he received. In his speech the generalissimo said that Spain had nothing to worry about even though the general assembly of the United Nations voted against Spain's admission.
