Canadian Club Hears of Quebec

The Province of Quebec was the topic of Rev. E. A. Wright, C.D., at a meeting of the Canadian Club last night.
Dr. Wright, who spent a number of years in the eastern province, spoke mostly on Sherbrooke in the Eastern Townships. He told how friendly the people were and about the French Canadians. He also described the hosiery mills, the town's chief industry. A description of Oka monastery, where the monks make the world famous Oka cheese, proved very interesting.
The speaker stressed the cleanliness of Sherbrooke, stating it was the cleanest city he had ever seen. He had been very favorably impressed with French Canadian cooking, particularly the pea soup and the bread, which was cooked in stone ovens outdoors.
Following the speaker was a musical interlude which included the following:
Vocal solos, "Passing By" and "Mighty Like a Rose"—Mrs. Charles Roberts.
Vocal duet, "Absent"—Mr. and Mrs. Charles Roberts.
Vocal solo, "I Walk Beside You"—Mrs. H. T. Lock.
Vocal trio, the English madrigal, "Brunette"—Mr. and Mrs. Roberts and Mrs. Lock.
A guessing contest rounded out a delightful evening.

Skeena Member's Father Is Dead

Edward Applewhaite Sr. Walked Into Nelson and Founded First Bank
Edward Hay Hinds Applewhaite, father of Edward T. Applewhaite, M.P. for Skeena, passed away early today at his home in Nelson after a lengthy illness. He would have been 89 years of age had he lived until December 7.
Mr. Applewhaite had been a resident of Nelson since 1890 when he walked into the Kootenay town from Vancouver long before railways or highways had made their appearance in that area.
A young Englishman of means, he opened a financial institution amounting to what might have been called a bank. After the first chartered bank came to Nelson, he pioneered it in the electrical supply business until 1908. Since then he had been engaged in fruit farming at Willow Point near Nelson, the farm being sold about a year ago.
Mr. Applewhaite was the last surviving charter member of the Nelson Board of Trade, founded in 1894, and 20 years ago received an honorary membership.
Deceased was born in Southampton, England. He was a life-long and always active member of the Anglican Church. Predeceased by his wife in 1945, he leaves two sons—Edward T. Applewhaite, Prince Rupert, and John Applewhaite, Nelson, and a daughter, Mrs. L. T. (Eva) Davis of Mount Lehman in the Fraser Valley.
Mr. Applewhaite will leave tomorrow night on the Prince George for Nelson to attend the funeral of his father and will be returning November 5 on the Camosun.

U.N. Forces Are Still Driving Northward

TOKYO (CP)—Informed sources said today that the United States and British troops in Korea will stop at least 20 miles south of the Manchurian border. They said the purpose was to minimize dangers of a border clash. South Korean forces will go on to the border in pursuit of Korean Communist remnants, these sources said.
Five Allied columns thrust closer to Communist China's Manchurian border today in their drive to end the Korean war. Beaten North Korean troops fled before them in ox-carts and afoot.
Nearest to the uneasy border, at last reports, was the South Korean Sixth Division. It drove northward from Huelchon in the west central area and is expected to reach a point 30 miles from the border shortly.
The Commonwealth Seventh Brigade, made up of British and Australian forces, and three other South Korean divisions are pushing northward on both sides and in the middle of the mountainous area.
There is no resistance except from small arms fire in a few spots. Nor was there any evidence that a big convoy was moving southward to oppose the United Nations clean-up campaign.
There is no confirmation of reports that 20,000 Chinese Communists had entered North Korea to fight against the United Nations.

Communists Near Tibet?

PEIPING—Communist armies are marching toward the Tibetan border with the intention of freeing that isolated nation from aggression, it was stated here yesterday in radio repetition of a dispatch from Moscow.

The French government is proposing an armed force for Western Europe such as the police force suggested for the United Nations—a force that has been taking shape in Korea.
The French are actually worried about rearming which explains the hesitation.
