THIS AND THAT

C.C.F. PROTESTS INTEREST CUT

OTTAWA. — C.C.F. members protested in the House of Commons Tuesday against the recent reduction from four to three per cent in interest paid on government annuities. They contended that the government, announced April 19, by fellow-prisoners who became would increase the price of the annuities to the public and would discourage this form of investment. It was a blow to social security. The government had, apparently, been "under pressure" from the "old line" insurance companies.

Labor Minister Humphrey Mitchell denied that there had been any such pressure and said that the reduction had resulted directly from increased costs.

Tearing Down of Hotel Protested

VANCOUVER—The Vancouver branch of the Canadian Legion has sent a protest to T. Eaton Co. at the proposal to tear down the old Hotel Vancouver and thus throw a large number of veterans out of residence for themselves and their families.

Convicts Beat Up Cruel Prisoner

TORONTO — Prisoners at Kingston penitentiary are reported to have beaten up Edward McCoy, sentenced recently to three years for brutal treatment of a four year old boy. He was moved to the prison hospital in a semi-conscious state after having been set upon by fellow-prisoners who became angered by the unmerciful beating given the child. The boy is the son of the woman McCoy had been living with. Four fingers of the boy's left hand had to be amputated.

A WARM WELCOME LONDON. — Prime Minister Attlee has sent a special welcoming message to those visiting Britain to participate in the Olympics. He wrote: "We shall be happy once again to be the hosts of the Olympic Games. What we may temporarily lack in material substance, we shall try to make up in the warmth of welcome."

LONDON. — Two schools, planned for London's St. Marylebone district, will accommodate 2,500 pupils, but it will not be completed for at least 20 years.

MOOSE INSTAL NEW OFFICERS

Prince Rupert Lodge, Loyal Order of Moose, installed its 1948 slate of officers at a meeting held in the Moose Temple last night. The ceremonies were witnessed by more than 100 lodge members and ladies of the Women of the Moose who had been invited for the occasion.

Installed into office by Past Governor D. G. Wood were:

Governor, C. H. Collins.

Junior Governor Herbert Whiffin.

Prelate, Jean Holliston.

Inner Guard, Howard Walker. Outer Guard, Arthur Krock. Sergeant-at-Arms, Joe Slagard.

Trustees — Frank Parlette, Arthur Welch and D. G. Wood.

Following the ceremony, the gathering enjoyed a social evening, dancing to music by the Moose Orchestra consisting of Mrs. Fred Thompson, George Elliott and Gunnar Varfeldt. The evening concluded with the serving of luncheon by the entertainment committee.

SANDRINGHAM, Eng. — The King has been elected people's warden of the parish churches of Sandringham and West Newton where the Royal Family worships during visits here.

What makes a man tick? Ask that question of twelve million

Canadians and you'll probably get twelve million answers... twelve million answers that say the same thing: A man's got to have OPPORTUNITY. Opportunity not just to make a decent living, but to better that living.

Judged by those standards you won't find a better system than the one we've got. Under our "Opportunity System" a man's always free to do what he wants... to set up his own business if he can show a profit for himself.

And our system actually encourages the small businessman. Take the automobile industry for example. Just one leading automobile manufacturer in the U.S. and Canada buys from 1071 suppliers in 243 towns across the continent. And besides stimulating the small businessman, industry as we know it provides opportunity for the professional and skilled workers... opportunity where advancement goes by ability alone, where no man is specially penalized or promoted, where every man is free to come, go and work as he chooses.

This system, which more than any other provides opportunity for every man alike, is the one that "realists" and Socialists are seeking to destroy. Ask them... let them ask themselves... that question: What makes a man tick? Then see if their fantastic hodge-podge of totalitarianism and broken promises will provide better opportunity for every man alike... or just for themselves and their fellow travelers.

These views are presented in this newspaper by the British Columbia Federation of Trade and Industry. O-17
