

**IC CENTRE
NOTES**

WEAVING—Friday afternoon immediately after school. Girls meet in the room for their weekly sewing and weaving. With the assistance of T. Becket and Mrs. D. Little workers are busy to make tea-cozies. Members of various colors have been ordered this week as there is group attending this week. Rooms are supplied in Centre and are used free of charge or purchased if so desired. The work can be carried

on at home. The drawn thread work which is being taught is of interest to those who wish to make dresser scarves and table runners with the material supplied at a minimum cost. All junior girls are welcomed at this happy class which meets once a week in the craft room.

BRIDGE CLUB—The Bridge Club will hold their session Friday night in the club lounge and a good attendance is hoped for, otherwise the club may be discontinued. Mrs. George Hill will be in charge of this week's session and it is hoped that arrangements may be made for other members of this club to share in the responsibility.

BOYS' CRAFT—The Junior Boys' Craft group, which meets twice a week, is the busiest session of all. The finished articles will be put on display in the showcase in the Civic Centre

**Flights Held
By High Wind**

Storms over the Queen Charlotte Islands kept Queen Charlotte Airlines planes here this morning rather than risk landing there. Winds in some places were reported up to 45 and 50 miles per hour in all sections of the islands. To complicate matters further there was fog in some places and heavy rain. CPA was operating normally although the flight in from Vancouver was expected to be about 15 minutes late.

Sentences In B.E. Cases

Andrew Black Knight today was sentenced in magistrate's court to one month's imprisonment when he pleaded guilty to a charge of breaking and entering D & S Grocery last week. Magistrate W. D. Vance said the offence was stupid and that he did not want the accused to become an habitual criminal. The sentence was to be served in the city lock-up and date from the time of arrest.

On the same charge Arthur Cornish was sentenced to six months' imprisonment during which time he will be kept under observation.

He said the reason Roy Roger Chevier had been let off with a fine was that the charge against him was merely theft. Breaking and entering calls for imprisonment.

The first general census of Britain and Ireland in 1801 showed a population of 16,345,648.

Douglas Souter New BCP Head

To Be in Charge in North With Headquarters Here

Effective as from November, Douglas Souter of Vancouver will be in full charge of all British Columbia Packers Limited's operations in the north, according to an official announcement by the company today.

No stranger in Prince Rupert, Mr. Souter has been with the company since 1938—first in the capacity of bookkeeper and later on as manager of the Pacofi operations on the Queen Charlotte Islands. From here Mr. Souter went to Victoria in charge of the cold storage plant at the Ogden Pier. When the B. C. Packers decided to enter the whaling business, Mr. Souter became manager of the Western Whaling Corporation Limited and has been acting in that capacity during the past three years. In the course of his management of this company, he has made two trips to Norway and one to Chile in North America. He has at the moment just returned from his second trip to Norway. Mr. Souter brings with him an excellent knowledge of the north country as well as of the B. C. Packers' operations in this district.

Essentially, his main work will be to co-ordinate the various and sundry fishing activities of the British Columbia Packers Limited in this area. He will be making his headquarters in Prince Rupert.

HISTORIC COLLEGE
Hedrisson College at Barbados, founded in 1733, is perhaps the oldest private school in the Commonwealth outside Britain.

Armine Boas, who had planned to leave on the Camosun Tuesday to attend the convention of B.C. Government employees, was detained here. He left by air this morning.
