W CAN I ???  
By ANNE ASHLEY

How can I make egg whites quickly when beating?

By lifting the beater high each stroke, allowing the egg to get into the egg. If the egg is not held properly it will take longer time for the egg to whip.

How can I prevent starch sticking?

Starch will not stick if a little of kerosene, or a little of oil, is added to a small basin of water and then allowed to dry to a ball.

How can I prevent rugs from coming at the corners?

Smiles'n Chuckles

At one time during the Civil War, Gen. George B. McClellan then in command of the Union forces, was conducting a waiting campaign; and so careful was he to avoid mistakes that little headway was evident to his superiors. Finally President Lincoln wrote him the following letter:

"My dear McClellan: If you don't want to use the army I should like to borrow it or a while.

Yours respectfully,  
A. Lincoln."
