British Columbia has entered the flood picture three weeks after the prairies began to be plagued with high water. Floods have almost subsided in Alberta and Saskatchewan, although High | Manitoba still holds the distinction of being the west's main Low i trouble zone.

VANCOUVER (CP)—Capt. Norman Ryall | FROM HIS CARGO of the halibutter Rosalie III arrived here Thursday and told of tying a line to a floating Japanese mine and towing it ashore, then detonating it with a rifle.

He said he believed that fishermen on the Pacific Coast could perform mine demolition.

Ryall said that the mine exploded with a deafening crash and sent a huge column of smoke into the air. Ships miles off-shore heard the blast.

On the beach, the explosion left a crater 60 feet wide.
