WARM WEATHER ON LABOR DAY

Westerly Breeze Kept Official Thermometer Down—Everybody Outdoors

A cool westerly breeze wafted over the official thermometer at Digby Island Sunday while the city of Prince Rupert had stifling stillness. Therefore, while all Prince Rupert people were agreed that it must have been the warmest day of the year, the Dominion meteorologist had to accept the reading of his instrument which showed a maximum of 76—two degrees lower than the official high for the year which was recorded at 7 a week ago Monday, August 29.

The Labor Day week-end provided ideal outdoor weather and many journeyed interiorward to the loggers' sports at Terrace and the rodeo at Telkwa. For those who preferred the water, the Salt Lake bathing resort attracted many. The only sports activity in Prince Rupert were baseball games, Sunday and Monday which drew out good crowds to the Roosevelt Park grounds.

The official high thermometer reading Monday was 73.

Mr. and Mrs. G. L. Rorie left on today's plane for a month's vacation trip to Vancouver and Victoria.

In addition to being admitted to Royal Roads naval officers' training school at Victoria, Ted Forman, son of Ald. and Mrs. J. N.
