HYDERABAD GOING BEFORE SECURITY COUNCIL

Indian Army Meeting Stubborn Resistance After Early Advances

Considerable Ground Gained at First by Hindus in Aim to 'Save' Princely State

PARIS (CP)—The United Nations announced today that the security council will meet Thursday to consider the invasion of Hyderabad by India. The security council has been called at the request of Hyderabad by Britain's Sir Alexander Cadogan, president of the council, for September. It will be the first

FRANK HALL IN STRATEGY MEET

MONTREAL (CP)—The Gazette said today that Frank H. Hall, vice-president of the Brotherhood of Railway and Steamship Clerks, suspended recently by the Trades and Labor Congress of Canada, was now in Winnipeg for a strategy conference with western union officials. The paper said that Hall was expected by Montreal supporters to make another important statement concerning future plans.

Council to "Prod" Gov't High Cost of Living

Issue In Housing Survey—Barking Parking Worry Aldermen—Gravel Delivery Expected

Living became a live issue last night when a letter was read from the Association of Port Alberni asking for a campaign designed to arouse public indignation that the government take some of the rising costs as they affect the

building for any other use than that of a school. The discussion arose from a letter received from the Chamber of Commerce asking that a member of the city council be appointed to work on a housing survey committee of the Chamber. Alderman Black agreed with the request and was appointed to represent the city.

Another letter from the Chamber of Commerce asked the council to consider the possibility of installing two more pay telephones in the Rushbrook Heights area. The letter stated that there is one pay telephone in the area. In view of the shortage of residential telephones for those who requested them, the Chamber felt that residents of the district should have the use of more pay telephones. Superintendent A. B. Love is to be asked to investigate the situation and report to the utilities committee which was given authority by the council to take the necessary action.

The method of purchasing supplies for the Pioneer Home was a matter of importance to (Continued on page 3)

TRUMAN TO GET LABOR

William Green Expects President Rather Than Dewey to Be Favored

COLUMBUS, Ohio (AP)—William Green, president of the American Federation of Labor, said here yesterday that he believed the most of organized labor support in United States would go to President Truman and that the labor vote would have an important bearing on the color of the next Congress. He said that he did not believe the Republican candidate, Thomas Dewey, was a friend of labor.

UNIONISTS ARE BARRED

Not Only Communists Are Being Kept Out of United States

TORONTO (CP)—The Globe and Mail said today that a general bar against the movement of Canadian trade unionists to the United States appears to have been imposed by the American immigration service here.

This was indicated with the disclosure yesterday that Fred Dowling, Canadian director of the United Packing House Workers of America (CIP-CCL), well known C.C.F. supporter and insistent anti-communist, had been refused permission to travel in the United States.

The Globe and Mail story said that, although United States screening had been supposedly designed to keep communists out of the country, several non-communist trade union members had recently been prevented from entering.

MacKAY IS HEAD OF INDIAN DEPT

British Columbia Man Receives Important Appointment

OTTAWA — Announcement was made yesterday of the appointment of D. M. MacKay, one-time Member of the Legislature in British Columbia and later Commissioner of Indian Affairs for that province, as director of Indian Affairs in the Department of Mines and Resources.

THE WEATHER

Synopsis
The storm centre which has remained nearly stationary off Vancouver Island during the past 24 hours is intensifying as pressures continue to fall over the southern British Columbia coast. An influx of moist Pacific air is expected to bring increasing cloudiness and some rain to the coast and lower mainland during the next 12 hours. Variable cloudiness is present over the interior with little indication of any marked change today but showers should spread into the southern interior tomorrow afternoon. Temperatures are expected to be a little lower than those recorded yesterday.

Forecast
Queen Charlottes and North Coast — Overcast today with showers and intermittent rain beginning this afternoon. Cloudy with widely scattered showers Wednesday. Winds easterly (25 m.p.h.) in the exposed areas, light elsewhere. Little change in temperature. Lows tonight and highs tomorrow: Port Hardy 52 and 56, Massett 49 and 56, Prince Rupert 50 and 58.

MIXED BOWLERS ARE ORGANIZED

The Mixed Bowling League will swing into action tomorrow night with 12 teams in competition and regular playing nights thereafter will be Wednesdays. The defending champions from 1947-48 season are Johnny Comadina's Head-poppers.

Lorne Vanetta is president of the Mixed League with Alan Matheson, secretary, and Ed. Garner, treasurer. Schedule for the opening night's play: Macey's vs. Overwaita, B.C. Messenger vs. Pioneers, Silver Streaks vs. Wing-dogs, Malkins vs. Pushovers, Dodgers vs. King Pinner, Head Pinner vs. Maple Leafs.

Terence Ruttle of Winnipeg left by air today for Vancouver after a brief business visit in Prince Rupert.

Keep Haines Cut-Off Open

Prince Rupert Chamber of Commerce Makes Recommendation to Associated Boards

The Alaska Development Board of Juneau last night won the support of the Prince Rupert Chamber of Commerce for a resolution urging Canada to maintain the Haines Cut-off as a round the year road so that there may be a proper flow of commerce between southeast and interior Alaska. A large section of the Haines Cut-off between the port of Haines and the junction with the Alaska Highway passes through Canadian territory. The resolution will be sent to the Associated Boards of Trade of Central British Columbia with a recommendation for its approval at the convention to be held next week in Juneau.

The resolution of the Alaska Development Board, adopted at Anchorage a few weeks ago, is as follows:

"Whereas, the sole connection by highway between Southeast Alaska and Interior Alaska is provided by the Haines Cut-off, and

"Whereas, year-round use of this road is necessary to the proper flow of commerce between those two important sections of the Territory, and

"Whereas, the physical problem of keeping the Haines Cut-off open for use throughout the year would not appear to be great, and

"Whereas, all efforts by Alaska citizens and officials to obtain proper winter maintenance on the Canadian section of the cut-off have been unavailing;

"Now therefore be it resolved by the Alaska Development Board that the proper Canadian officials at Whitehorse and Ottawa and the proper United States officials at Washington, D.C. be urged to make suitable arrangements immediately to maintain the Haines Cut-off for use throughout the winter of 1948-49 and in succeeding years."

PRINCESS MARGARET NOW HAS HER OWN PERSONAL STANDARD—On reaching her 18th birthday, Princess Margaret Rose of England received the right to use this personal standard, granted on her coming of age. The design consists of her coat of arms, approved by King George in 1944, and the Royal arms difference with an argent label of heraldic devices indicating her position as a daughter of the sovereign.

PRIME MINISTERS MEET OCTOBER 11

LONDON — October 11 has been set as the date for the opening of the conference of British Commonwealth Prime Ministers here. Prime Minister W. L. Mackenzie King, who left Ottawa yesterday for New York to sail on the Queen Mary, will attend. The Prime Minister of Eire will not be present.

\$100,000 FIRE IN BURNABY

VANCOUVER (CP)—Damage estimated at more than \$100,000 was done by fire which swept the Riverside Shingle Mill in suburban Burnaby late yesterday. The dry kiln, in which 5000 bundles were being steam dried, was destroyed and two box cars laden with shingles. New machinery and a loading platform was also burned. Telephone lines were burned down before the fire department could be summoned.

It was the second shingle mill blaze in less than a week in the area. Last Saturday an early morning blaze of undetermined origin roared through \$75,000 worth of shingles stored in a warehouse of the Clearwood Shingle Co. here.

USE OF PORT OF PRINCE RUPERT, ESTABLISHMENT OF COASTGUARD, AMONG RESOLUTIONS FOR JUNEAU

Seven resolutions will be presented by Prince Rupert Chamber of Commerce to the convention of the Associated Boards of Trade of Central British Columbia at the annual convention in Juneau next week. They were approved by the Prince Rupert Chamber at its regular monthly meeting last night. The committee consisting of E. T. Applewhite and J. T. Harvey which drew them up was appreciatively commended for its work.

The resolutions request the Associated Boards to call for:

The more efficient use of Canada's port facilities and an immediate investigation of the facilities and possible uses of the port of Prince Rupert in the interests of all Central British Columbia and Southeastern Alaska.

Vigorous and persistent action towards the obtaining of a first class national TransCanada Highway from coast to coast as an urgent need the present lack of which is causing a loss of tourist money to Canada. The immediate establishment by the government of Canada of a coastguard service on Canada's Pacific Coast with the cooperation of the Royal Canadian Air Force.

The bringing of coastal freight rates under supervision similar to that required for railway freight rates by either the Board of Transport Commissioners or the Canadian Maritime Commission.

The establishment of a committee of the federal cabinet of Canada for the rectification of cases of unnecessary inconvenience, delays and annoyances to legitimate trade and travel between the United States (including Alaska) and Canada.

The urging upon Canadian authorities at Whitehorse and Ottawa of the necessity of making proper arrangements immediately to maintain the Haines Cut-off for use throughout the winter in view of the essentiality of this road the year around to the proper flow of commerce between Southeast Alaska and the interior of Alaska.

The continuous working upon by officers of the Associated Boards of resolutions on certain subjects without passing of similar resolutions year after year at succeeding conventions.

OFFICES FOR REGISTRATION

VICTORIA — Registration offices under the British Columbia Health Insurance Act will be set up in fifty-eight centres throughout the province. The deadline for registration in outlying portions of the province has been extended from September 15 to September 30.

BULLETINS

DOESN'T SEE WAR

BERLIN—General Lucius D. Clay said today: "I don't think war is just around the corner." The United States military governor added that he did not think the Russians "will make Berlin the final issue of the German problem."

BRITAIN'S DEFENCE

LONDON — Home Secretary Herbert Morrison today called upon Parliament for new defence measures in view of the international situation. There will be a slowing down of demobilization, intensification of recruiting for active and auxiliary services and a doubling of production of fighter planes. King George today opened a ten-day session and asked Parliament to curtail the ancient power of the Lords.

NON-UNION MEN ARE BEING HIRED

WASHINGTON — Announcement was made last night that the United States Army will hire workers outside of union channels in the attempt to handle army cargo while the present maritime strike is on the west coast. They will be paid pre-strike rates of wages.

Army Secretary Kenneth Royall said that all but one company had declined or failed to indicate intentions in regard to carrying out contracts to move army cargo. The companies are refusing to have anything further to do with Communist-influenced unions.

The army, therefore, Royal said, would hire its own personnel to do the job.

All employed will be required to sign the usual affidavit of loyalty.

CIO longshore headquarters in San Francisco announced today that union stevedores will ignore the call by the United States Army for dock workers to handle military cargoes in contract-struck ports on the United States Pacific coast. Longshore headquarters said there would be a picket line around the Army employment office. The union said the plan was a "means to direct strike breaking by the Army."
